CATALOGUE

80 ACRES OF CHOICE STOCK

F.C. HETZ AND SONS
PROPRIETORS

FAIRVIEW
ERIE COUNTY, PENNA.

Introduction

To our friends, old and new:

We are in the nursery business alone—no outside interests or control.

We own the land upon which we grow our stock.

Terms:—Cash, unless satisfactory arrangement is made prior to shipment. Boxing and baling charged for at actual cost.

All stock is dug and shipped direct from field; no stock stored for months in moldy cellars. Evergreen Specimens are shipped with ball and burlap.

Stock is guaranteed to be true to name. While we exercise the greatest care to have stock true to name, we will in no case be liable for any sum greater than the purchase price.

We give no guarantee as to growth of stock, however we send stock out only in A No. 1 condition. Your care will determine your success in growing any plant or tree.

All stock selected and marked by the customer at nursery will be charged for at its actual value. Prices in this catalogue will not govern such stock.

Allspreading trees will be measured spread, not height.

Copy of Certificate of Inspection with every order.

Fairview Evergreen Nursery

F. C. HETZ, & SONS, Proprietors.

FAIRVIEW, ERIE COUNTY, PA.

EVERGREENS

Evergreens add a wealth of charm and beauty to every landscape. They give color and contrast in summer. All winter long they show life and give promise of spring.

All our Evergreens are sold B & B.

By B & B we mean dug in the ground they stand in and burlapped so the dirt will not loosen.

All evergreens listed herein are specimen trees having been transplanted and sheared. We do not send out inferior stock.

An Attractive Evergreen Planting

It's not a home until it's planted.

ARBOR VITAE (Thuya)

Arbor Vitae American

American Arbor Vitae

A tall pyramidal tree of compact growth. Stands trimming well and for this reason is the most widely used of all evergreens for globes, hedges, etc. Foliage bright green. We have an exceptionally fine block this year.

12-18"	Each	\$.65	10 for	\$5.00
18-24"	Each	1.00	10 for	8.50
2-2½'	Each	1.50	10 for	13.00
2½-3'	Each	2.25	10 for	20.00
3-4'	Each	2.75	10 for	25.00
4-5'	Each	4.00	10 for	37.50
5-6'	Each	5.50	10 for	50.00
6-7'	Each	7.50		

Arbor Vitae Compacta

The Compacta Arbor Vitae closely resembles the Globe, differing as it is slightly more upright in habit and faster in growth.

12-15"	Each	\$1.40	10 for	\$12.50
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.25	10 for	20.00

Arbor Vitae Douglass Golden

A valuable golden form. Growth broad, bushy and upright. A fine tree for contrast. Its color makes the whole planting more noticeable.

15-18"	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.25	10 for	20.00
2-2½'	Each	2.75	10 for	25.00
2½-3'	Each	3.25	10 for	30.00
3-4'	Each	4.00	10 for	36.00
4-5'	Each	5.50	10 for	50.00
5-6'	Each	6.50		

Arbor Vitae Ellwangeriana (Tom Thumb)

A fine compact dwarf globe showing two types of deep green foliage.

12-15"	Each	\$1.25	10 for	\$10.00
15-18"	Each	1.50	10 for	12.50
18-24"	Each	2.00	10 for	17.50
2-2½'	Each	2.50	10 for	22.50
3-4'	Stock Plant		Each	7.50

Arbor Vitae George Peabody

The brightest golden Arbor Vitae, not so heavy foliage as Douglas Golden, but brighter yellow.

2-2½'	Each	\$2.75	10 for	\$25.00
2½-3'	Each	3.25	10 for	30.00
3-4'	Each	4.00	10 for	37.50
4-5'	Each	5.00		

Arbor Vitae Ellwangeriana

Our stock will please you—It is well grown.

Arbor Vitae Globosa

A fine compact globe which holds its form without trimming.

12-15"	Each	1.40	10 for	\$12.00
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.25	10 for	20.00
3' Stock plants	Each			12.50
4' Stock plants	Each			15.00

Arbor Vitae Hovey's Golden

A bright green oval globe. Holds a fine winter color. Not as yellow as most golden varieties.

12-15"	Each	\$1.50	10 for	\$13.50
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.00	10 for	17.50

Arbor Vitae Globosa

Arbor Vitae Pyramidal

A very popular tree. Narrow and compact in habit retaining its deep green color throughout the winter. Beyond doubt the finest sentinel tree ever produced.

18-24"	Each	\$2.00	10 for	\$17.50
2-2½'	Each	2.50	10 for	22.50
2½-3'	Each	3.25	10 for	30.00
3-4'	Each	4.00	10 for	35.00
4-5'	Each	5.50		

Arbor Vitae Recurva Nana

An excellent dwarf species with drooping thread-like branchlets. Foliage is glossy green. As a small tree it is a good globe which eventually grows into a fine broad pyramid.

12-15"	Each	\$1.75	10 for	\$15.00
15-18"	Each	2.00	10 for	17.50
2-2½'	Each	4.50		

Arbor Vitae Rheingold

This is a new introduction and a gem for the rock garden. Very dwarf with bright golden juvenile foliage. Makes a dense little mound.

8-10"	Each	\$1.50		
-------	------	--------	--	--

Pyramidal Arbor Vitae. Described above.

Arbor Vitae Rosenthal

A slow growing broad pyramid with deep green tufted foliage.

18-24"	Each	\$2.50	10 for	\$22.50
2-2½'	Each	3.00	10 for	27.50
2½-3'	Each	3.75	10 for	35.00
3-4'	Each	4.50		

Arbor Vitae Siberian

Of slow growth forming a broad dense cone. Foliage rugged black green. Very hardy.

18-24"	Each	\$2.00	10 for	\$17.50
2-2½'	Each	2.50	10 for	22.50
2½-3'	Each	3.25	10 for	30.00
3-4'	Each	4.00		

Every day you are judged by the appearance of your home grounds.

Arbor Vitae Verveneana

Erect form and habit like the American differing as it has slender golden variegated foliage.

18-24"	Each	\$1.50	10 for	\$12.50
2-2½'	Each	1.75	10 for	15.00
2½-3'	Each	2.50	10 for	22.50
3-4'	Each	3.25	10 for	28.50

Arbor Vitae Woodard's Globe

One of the best forms of Globe Arbor Vitae. Makes a solid, deep green ball which is slow in growth and retains its shape without trimming.

12-15"	Each	\$1.50	10 for	\$12.50
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.25	10 for	20.00

ARBOR VITAE

Biota

Arbor Vitae Oriental

The Oriental Arbor Vitae are more upright and the foliage is finer and more glossy than the American Arbor Vitae and its varieties. This is the fastest growing and is upright in type. Foliage light green.

18-24"	Each	\$1.40	10 for	\$11.50
2-3'	Each	2.00	10 for	17.50
3-4'	Each	3.50	10 for	32.50
4-5'	Each	4.50	10 for	42.50

Arbor Vitae, Oriental

Berckman's Golden

This is a wonderful bright yellow dwarf globe, never exceeds three feet in height. Although this is a very recent introduction, it takes so well that the demand far surpasses the production.

8-10"	Each	\$1.25	10 for	\$10.00
10-12"	Each	1.50	10 for	12.50
12-15"	Each	2.00	10 for	17.50
15-18"	Each	2.50	10 for	22.50
18-24"	Each	3.00	10 for	27.50

**Oriental Arbor Vitae****Arbor Vitae Oriental Compacta**

A remarkable tree. Fine for formal planting. Growth slow. Broad pyramidal and symmetrical in form. Foliage fine and soft light green.

15-18"	Each	\$1.25	10 for	\$11.00
18-24"	Each	1.75	10 for	15.00
2-2½'	Each	2.25	10 for	20.00
2½-3'	Each	3.00	10 for	27.50
3-3½'	Each	4.00	10 for	36.00
3½-4'	Each	4.75	10 for	42.50
4-5'	Each	6.00		

Variety lends contrast—Plant for effect.

Arbor Vitae Oriental Pyramidal

A narrow compact pyramid with bright green foliage. Very showy and desirable. Holds a fine color throughout the winter.

18-24"	Each	\$1.90	10 for	\$17.50
2½-3'	Each	3.00	10 for	27.50
3-3½'	Each	3.75	10 for	35.00

CEDAR (Cedrus)

Cedar of Lebanon

An odd evergreen growing into a tall broad pyramid with graceful drooping characteristics. When old, it forms and flat topped irregular and picturesque specimen. Its proper setting is on a border or in a back ground where it has plenty of space for development. Interesting for historical and scriptural associations.

18-24"	Each	\$1.75	10 for	\$15.00
2-3'	Each	2.75	10 for	22.50
3-4'	Each	3.75	10 for	32.50

Chamaecyparis Thyoides (White Cedar)

This is the White Cedar native of the Eastern States. It is a rather loose growing pyramid with dull green foliage. Grows quite rapidly and makes an interesting specimen.

Will thrive on ordinary soil but is recommended for swampy, boggy soil where other evergreens will not grow. This tree is naturally adapted to swamps.

18-24'	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.00	10 for	\$17.50

CYPRESS (Chamaecyparis)

Cypress Lawson's

A beautiful pyramid with pendulous tips. Soft graceful foliage, green or silaceous green. Closely related to the Retinospora family. Should be planted in sheltered positions.

18-24'	Each	\$1.50	10 for	\$12.50
2-3'	Each	\$2.25	10 for	20.00
3-4'	Each	3.00	-----	-----

CRYPTOMERIA

Cryptomeria Japonica Lobbi

A large pyramidal tree with a straight slender trunk covered with reddish brown bark and with verticillate spreading branches ascending at the extremities. Cultivated for its handsome habit and foliage should be given plenty of space for development.

18-24"	Each	1.75	10 for	\$15.00
--------	------	------	--------	---------

FIR (Abies)

Fir Balsam

This is a fine tree for shady places. Quite a rapid grower with black green needles, noted for its fragrance. Growth similar to the spruces.

18-24"	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.25	10 for	20.00
3-4'	Each	3.00	-----	-----
5-6'	Each	6.00	-----	-----

Fir Chinese

(Cunninghamia Lanceolata)

Another novel tree from China. Has long waxy light green lance-like needles which clothe the tree densely. In habit it is broad with drooping branchlets. It has an attractive purplish hue throughout the winter.

3-4'	Each	\$3.75	10 for	\$35.00
------	------	--------	--------	---------

Fir Balsam

Plant as an investment.

Fir Concolor

The famous Silver or White Fir. Growth rapid and conical. Foliage gray green or silver color. Fine for specimen planting.

18-24"	Each	\$3.25	10 for	\$30.00
2-2½'	Each	4.00	10 for	37.50
2½-3'	Each	5.50	10 for	50.00
3-4'	Each	7.00	10 for	65.00

Fir Douglas

This is a very desirable evergreen, doing well in almost every situation. The growth is naturally pyramidal, retaining the branches to the ground. It is well adapted to trimming. Foliage grayish green, soft and feathery. We highly recommend this tree.

15-18"	Each	\$1.50	10 for	\$12.50
18-24"	Each	2.00	10 for	16.00
2-2½'	Each	2.50	10 for	20.00
2½-3'	Each	3.00	10 for	25.00
3-4'	Each	4.00	10 for	35.00
4-5'	Each	5.00	10 for	45.00
5-6'	Each	6.00	-----	-----

A few of these have a very desirable blue cast. We hold these at an advance of 50% over list price.

Douglas Fir

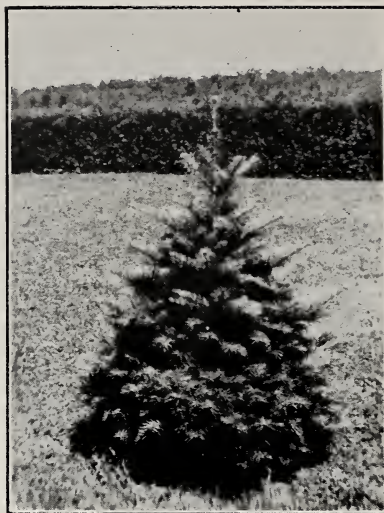

any location. Beautiful in group work. It stands shearing well making a good compact tree or hedge. Highly recommend for that shady corner.

18-24"	Each	\$2.00	10 for	\$17.50
2-2½"	Each	2.50	10 for	22.50
2½-3	Each	3.25	10 for	30.00

JUNIPER (Juniperus)

The Juniper family offers a wide variation of leaf or needle texture and more variation in type of growth and color than any other class of evergreens. As a group they are beautiful and informal blending well with other evergreens.

Plant for the pleasure of seeing plants grow.

Fir Concolor

Heather (Calluna Vulgaris)

Low Evergreen shrub not exceeding 8 inches in height cultivated chiefly for its rosy-pink flowers which are borne in great profusion in late summer. The closely set branches are densely covered with miniature needles. Fine for a sunny slope or at the base of a sunny rock garden.

2 yr. 6-10" Each \$.60 10 for \$5.00

Heath (Erica Carnea)

Very closely allied to the preceding Calluna. Growing to 6 inches tall and making a small mat. Bright rosy flowers. This variety should have a light winter covering. The Ericas have been popular in European gardens for centuries. They are very interesting.

2 yr. 6-10" Each \$.60 10 for \$5.00

HEMLOCK (Tsuga)

Hemlock Canadian

Our native tree. A splendid evergreen of many uses, lending itself admirable to

any location. Beautiful in group work. It stands shearing well making a good compact tree or hedge. Highly recommend for that shady corner.

18-24"	Each	\$2.00	10 for	\$17.50
2-2½"	Each	2.50	10 for	22.50
2½-3	Each	3.25	10 for	30.00

Juniper Chinese

This is the parent plant of the many useful types. It is variable in form but in general is a fine compact column silvery or gray green in color. Very hardy.

2½-3' Each \$2.75, 10 for \$25.00
 3-4' Each 3.75, 10 for 35.00
 4-5' Each 4.75, 10 for 43.50
 5-6' Each 6.00.

Juniper Communis Depressa

A fine many stemmed spreading or half upright tree. Foliage silvery or bluish green. Used for rockeries or foreground planting. Makes a beautiful specimen alone on a large lawn.

18-24" Each \$1.75 10 for \$15.00

Juniperus Communis Depressa.

2-3' Each \$2.50 10 for \$20.00

3-4' Each \$3.50 10 for \$30.00

Juniper Communis Depressa Aurea

A bright golden form of the former, much slower in growth.

15-18" Each \$2.00, 10 for \$17.50 — 18-24" Each \$2.50, 10 for \$22.50 — 2-3' Each \$3.50

Juniper Communis Depressa Plumosa (Andorra Juniper)

A fine new variety of spreading Juniper it does not grow so close to the ground as some of the spreaders and make an ideal species for setting off a background of larger evergreens. The winter color of this evergreen is an outstanding feature. In summer it is a bright green and with the first frosts it assumes a beautiful reddish purple color.

12-18" Each \$2.00, 10 for \$17.50

18-24" Each \$2.50, 10 for \$22.50

Juniper Dwarf Sweedish

This is a beautiful formal tree being upright and very nearly the same width from top to bottom. Matures at about 4 feet. Silvery green. It closely resembles the Irish Juniper (See cut). Differing as it is slower in growth, somewhat broader, more of a grass green color, and much more permanent in a planting. We have a fine supply for this season.

15-18" Each \$1.40, 10 for \$12.50

2-2½" Each \$2.60, 10 for \$23.50

18-24" Each 2.00, 10 for 17.50

2½-3' Each 3.25, 10 for 30.00

Juniper Spiny Greek (Juniperus Excelsa Stricta)

A slow growing dwarf cone. Tapering from the ground to a sharp point. It is very formal and compact. Closely set with sharp glaucous needles.

12-15" Each \$1.75 10 for \$16.00

15-18" Each 2.50 10 for 22.50

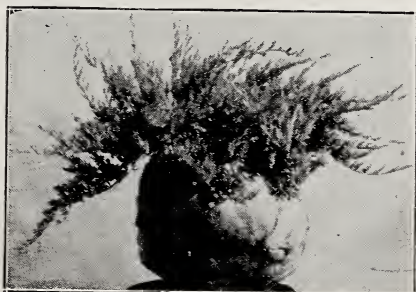

18-24" Each 3.25 10 for 30.00

Juniper Horizontal

A prostrate creeper forming a dense mat of deep green. These creeping forms are surely fine for rock gardens, borders, bedding down in front of larger evergreens, side hill and naturalistic plantings. Their possibilities are numerous and should not be overlooked. spread.

18-24" Each \$1.75 10 for \$15.00

2-2½' Each 2.25 10 for 20.00

Juniper Horizontal

Juniper Horizontal Glauca (Blue)

Beautiful bluish green turning to an attractive purplish bronze in winter.

18-24" Each \$2.00 10 for \$17.50

2-3' Each 2.50 10 for 22.50

Evergreens are a winter comfort.

Juniper Irish (Juniperus Hibernica)

An extra fine formal tree. Growth upright and narrow having no main leader. Foliage grayish green. Used extensively in pairs where sentinal effects are desired.

18-24"	Each	\$1.90	10 for	\$17.50
2-2½'	Each	2.25	10 for	20.00
2½-3'	Each	2.75	10 for	25.00
3-4'	Each	3.50	10 for	32.50

Juniper Meyer's (Juniper Squamata Meyeri)

An unusual and outstanding new evergreen discovered in China by the late Frank N. Meyer, plant explorer of the United States Department of Agriculture.

In our estimation this is the best new evergreen of recent introduction and bound to take its place as a leading evergreen when production permits.

Its color is an outstanding bright blue which is changeable when viewed from different angles. The needles are short plump and thickly set. It grows in an irregular upright, form resembling a fountain. Ideal for the rock garden. Slow growing dwarf and perfectly hardy. Always attracts attention.

12-15"	Each	\$3.00	10 for	\$29.00
15-18"	Each	3.75	10 for	36.00

Juniper Irish

Juniper Pfitzer's

One of the leading evergreen ornamentals. Noted for its hardiness doing well in almost any situation. Low, broad and irregular in form. Foliage gray or bluish green. We offer these in either staked specimens or spreaders

18-24"	Each	\$2.50	10 for	\$22.50
2-2½'	Each	3.50	10 for	32.50
2½-3'	Each	4.50	10 for	42.50
3-4'	Each	7.50		

Juniper Savin (Juniperus Sabina)

A low much branched, half upright evergreen having no main leader. Densely furnished with short tufted branchlets, which are thickly covered with deep green needles.

12-15"	Each	\$1.50	10 for	\$14.00
15-18"	Each	2.00	10 for	18.50
18-24"	Each	2.50	10 for	22.50

Juniper Pfitzer's

Juniper Silver (Juniperus Scopolorum)

A tall, narrow and compact column. Foliage silvery green making a very neat tree. Native of Colorado. Differing from our native Red Cedar to no extent except in color.

2-3'	Each	\$2.25	10 for	\$20.00
3-4'	Each	3.50	10 for	30.00

Trees grow in value.

Juniper Tamarix (*Juniperus Sabina Tamariscifolia*)

A beautiful slow growing and compact spreading type Juniper. Does not exceed 6'' in height and make an ideal carpet evergreen. Steel blue in color throughout the year.

15-18''	Each	\$2.50	10 for	\$22.50
18-24''	Each	3.00	10 for	27.50
24-30''	Each	3.75		

Red Cedar

Juniper Virginia (Red Cedar)

Native of North America. Used extensively. Pyramidal in habit with dark green to steel blue foliage. The parent of a good many of the grafted Junipers.

2-3'	Each	\$2.00	10 for	\$17.50
3-4'	Each	3.00	10 for	26.00

Juniper Virginiana Elegantissima (Goldtip Red Cedar)

Slow growing and irregular but eventually making a broad pyramid. The tips of the foliage are a bright cream color which gradually change to bronze as the foliage hardens up. It holds a place along with other choice evergreens for use in the best landscape plantings.

15-18''	Each	\$2.75
18-24''	Each	4.00

Juniper Virginia Glauca (Blue Cedar)

This is a beautiful grafted form of the Red Cedar. Foliage bright blue and slightly pendulous.

18-24''	Each	\$2.25	10 for	\$20.00
2-3''	Each	\$4.00	3-4'	Each \$5.00

Juniper Virginiana Tripartita (Fountain Juniper)

A sturdy heavy stemmed tree with very irregular branches. Grows somewhat wider than tall and gives one the impression of a fountain. Foliage is a good deep green.

15-18''	Each	\$1.50	10 for	\$14.00
18-24''	Each	2.25		
2-3'	Each	3.00	10 for	25.00

PINE (*Pinus*)

The pine family as a rule is a healthy disease free group. They are all mainly long needled and their deep colors are unchanging throughout the year. They make but one growth throughout the year and are hardened and ready to move by the first of August. We suggest the use of pine wherever practical as they give very satisfactory results.

Pine Austrian

A sturdy upright tree with compact, symmetrical growth. Being smoke resisting, it does well in cities. We advise the use of this tree for specimen planting.

18-24''	Each	\$1.75	10 for	\$15.00
2-2½'	Each	2.25	10 for	20.00
2½-3'	Each	3.00		
3-4'	Each	4.25	-----	
4-5'	Each	5.50	-----	
5-6'	Each	8.50	-----	
6-8'	Each	15.00	-----	

Pine Austrian

Our evergreens are properly handled.

Bothan Pine (*Pinus Excelsa*)

This is the native White Pine of Asia. Extra long silvery or bluish green needles give it a novel drooping effect. Growth is quite rapid, forming a picturesque specimen tree.

18-24"	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.00	10 for	17.50
3-4'	Each	2.50	10 for	22.50

Jack Pine (*Pinus Banksiana*)

The fastest growing evergreen possible to produce. Used where immediate effects are desired. Will thrive on very poor sandy soil. The slender branches are spreading and occasionally much divergent.

5-6'	Each	\$2.75	10 for	\$22.50
6-7'	Each	4.00	10 for	35.00

Japanese Red Pine (*Pinus Densiflora*)

A compact rapid grower with bright green foliage. Does well in any situation.

2-3'	Each	\$1.60	10 for	\$13.50
3-4'	Each	2.50	10 for	20.00
4-5'	Each	3.50	10 for	30.00

Limber Pine (*Pinus Flexilis*)

This Pine forms a beautiful outline having pendulous and horizontal branches. A slow growing species of the White Pine with short rigid needles and a darker green color.

18-24'	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.00	10 for	17.50

Mugho Pine

One of the best dwarf globes, maturing at about three or four feet in height. A compact many stemmed tree with branches that trail along the ground. Foliage is a deep green remaining the same throughout the winter. Coming from the Alps, it is perfectly hardy. It is also resistant to all insects and smoke. Valuable as a foreground plant in any planting. Also used in bed and mound work. Our supply of this wonderful evergreen is enormous, therefore we are able to offer them at much reduced prices.

Mugho Pine

8-10" spread	Each	\$1.25	10 for	\$10.00
10-12" spread	Each	1.60	10 for	13.50
12-15" spread	Each	1.90	10 for	16.50
15-18" spread	Each	2.25	10 for	20.00
18-24" spread	Each	3.00	10 for	27.50
2-2½' spread	Each	3.75	10 for	35.00
2½-3' spread	Each	5.00	10 for	45.00

Contrast the planted home with the unplanted house.

Norway Red Pine (Pinus Resinosa)

One of the most satisfactory pines, being apparently without enemies. It is very hardy and adapts itself to many situations and soils. Its luxuriant dark green foliage and uniform size add to the landscape.

5-6' Each \$8.00; 6-7' \$10.00; 7-8' Each \$12.00; 8-10' Each \$15.00

Ponderosa or Bull Pine

Called Bull Pine because of its heavy massive needles. Growth is quite rapid, making from one to two feet a year. A deep rooted draught resistant tree. Makes a specimen where it has room to develop.

18-24"	Each	\$1.50	10 for	\$13.50
2-3'	Each	2.25	10 for	20.00
3-4'	Each	3.25	10 for	30.00
4-5'	Each	4.00	6-7'	Each 7.50

Scotch Pine

A splendid, upright grower that does well in almost any situation. Foliage is gray green and stands trimming well. Makes well formed ornamental specimens.

18-24"	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.00	10 for	17.50
3-4'	Each	2.50	10 for	22.50
4-5'	Each	3.25		

Swiss Mountain Pine

This Pine is closely related to the desirable Mugho Pine, differing only as this is of a faster growing and more upright strain.

15-18"	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.25	10 for	20.00
2-3'	Each	2.75	10 for	25.00

Pine, White

Our Native Pine. An excellent symmetrical tree, conical in form. Foliage silvery green having a soft feathery appearance. Prefers partial shade. Will do well in any soil. It grows rapidly, sending out a new whorl of branches each year.

18-24"	Each	\$1.50	10 for	\$12.50
2-3'	Each	2.00	10 for	17.50
3-4'	Each	2.50	10 for	22.50
4-5'	Each	3.00	10 for	27.50
5-6'	Each	4.50		
6-8'	Each	6.00		

White Pine

The Retinospora family of evergreen as a whole is a very beautiful and interesting lot, being of slow growing compact habit and very readily shaped by pruning. Their foliage varies in color from deep green and blue to bright yellow and sulphur, in texture from minute needles to thread-like branchlets.

Retinospora Decussata

This variety makes a slow growing, broad bluish cone densely covered with juvenile needles.

15-18"	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.00	10 for	17.50
2-2½'	Each	2.50	10 for	22.50

Retinospora Decussata

Trees are man's best friends.

Retinospora Filifera

Sometimes called Thread Cypress. A broad globe which in time makes a broad pyramid. The thread-like pendulous foliage is dark green in color.

18-24" spread	Each	\$2.50	10 for	\$22.50
2-2½' spread	Each	3.00	10 for	27.50

Retinospora Filifera Aurea

A bright yellow type of the former, slower in growth. Very desirable for color contrast.

15-18" spread	Each	\$2.50	10 for	\$22.50
18-24" spread	Each	3.00	10 for	27.50

Retinospora Obtusa

A strong grower of bushy or compact form. Foliage scalelike, clear green, drooping and graceful. Will do well in partial shade. Prefers well watered light sandy soil. We recommend this evergreen for group work.

15-18" Each	\$1.00	10 for	\$ 8.50
18-24" Each	1.50	10 for	12.50
2-2½' Each	2.00	10 for	17.50
2½-3' Each	2.50	10 for	20.00
3-4' Each	3.00	10 for	25.00
4-5' Each	3.75	10 for	32.50
5-6' Each	5.50	10 for	50.00

Retinospora Obtusa Crippsi

A strikingly handsome dwarf with drooping branches, growing into a broad graceful cone. This is the brightest golden evergreen in cultivation and truly a gem for contrast in group planting.

15-18" Each	\$2.25	10 for	\$20.00
18-24" Each	3.00	10 for	27.50

**Retinospora Obtusa****Retinospora Obtusa Youngi**

Growth similar to Retinospora Obtusa as to rapidity and form. Differing as this variety has heavier and more pronounced deep green foliage.

18-24" Each	\$2.00	10 for	\$17.50
2-3' Each	2.75	10 for	22.50

Retinospora Obtusa Gracilis Aurea

A graceful light green evergreen with pendulous, glossy foliage. Its graceful drooping characteristic added to its pleasing color makes it very conspicuous.

2-3' Each	\$3.25	3-4' Each	\$4.25
-----------	--------	-----------	--------

Retinospora Pisifera

A dense light green cone. Foliage silvery beneath. An excellent shrub for group plantings. Also fine for formal work and tubs. We have trimmed these to solid cones. They are an exceptional lot. Because of our heavy supply we make the following low prices.

15-18" Each	\$1.25	10 for	\$10.00
18-24" Each	1.60	10 for	13.50
2-2½' Each	2.00	10 for	17.50
2½-3' Each	2.50	10 for	22.50
3-4' Each	3.00	10 for	27.00
4-5' Each	4.00	10 for	35.00
5-6' Each	5.00	10 for	45.00

Retinospora Pisifera Aurea

A golden form of the Pisifera. This is one of the finest informal Retinosporas.

18-24" Each	\$2.25	10 for	\$20.00
2-2½' Each	2.50	10 for	22.50
2½-3' Each	3.25	10 for	30.00
3-4' Each	4.50	10 for	40.00
4-5' Each	5.00	5-6" Each	\$6.50
6-8' Each	10.00		

**Retinospora Pisifera**

Plant in season—Evergreens August to November—March to June.

Retinospora Plumosa (Plume Cypress)

A compact, acorn-shaped evergreen of medium tall growth. Light green, feathery, plume-like foliage. An exceedingly handsome tree.

15-18"	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.25	10 for	20.00
2-2½'	Each	2.75	10 for	25.00
2½-3'	Each	3.25	10 for	30.00
3-4'	Each	4.00	10 for	37.50
4-5'	Each	4.75	10 for	45.00

Retinospora Plumosa Aurea
(Golden Plume Cypress)

Like the preceding but of a golden yellow color. Slower in growth making ideal specimens for foundation plantings.

15-18"	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.25	10 for	20.00
2-2½'	Each	2.75	10 for	25.00
2½-3'	Each	4.00	10 for	35.00
3-4'	Each	5.50	10 for	50.00
4-5'	Each	7.50	10 for	65.00
5-6'	Each	12.50		

Retinospora Plumosa Aurea**Retinospora Plumosa Flavescens**

A fine dwarf cone. Its foliage is very fine and of a bright sulphur color. Evergreens like these are invaluable for foreground plantings to liven up the color and det off the others.

12-15"	Each	\$1.75	10 for	\$16.00
15-18"	Each	2.25	10 for	20.00
18-24"	Each	3.00	10 for	27.50

Retinospora Plumosa Lutescens

A dwarf minute, flat globe. More dwarf even than the preceding which resembles it closely. Sometimes called Gold Coin. Sulphur color foliage.

8-10"	Each	\$1.25	10 for	\$11.00
10-12"	Each	1.60	10 for	14.00
12-15"	Each	2.00	10 for	17.50
15-18"	Each	2.50	10 for	22.50
18-24"	Each	3.50		

Retinospora Squarrosa Veitchi

Known as Moss Cypress. Soft dense juvenile foliage of silvery bluish color. A flat globe which eventually forms a broad pyramid.

15-18"	Each	\$1.75	10 for	\$16.00
18-24"	Each	2.25	10 for	20.00
2-2½'	Each	2.75	10 for	25.00
2½-3'	Each	3.50		

Retinospora Squarrosa Sulphurea

Sulphur color variety of the preceding.

12-15"	Each	\$1.25	10 for	\$10.00
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.25	10 for	20.00
2-2½'	Each	2.75	10 for	24.00
2½-3'	Each	3.25		

Note helps for Rock Garden Plantings.

SPRUCE (Picea)

Spruce Colorado Blue

The most beautiful of all evergreens for specimen planting. Growth upright and conical, rigidly stern and unyielding. Foliage deep glaucous blue, Grows well in any situation.

By holding back stock of this scarce evergreen for a number of years we have built up a supply of fine specimens which we are proud to offer.

12-15"	Each	\$2.25	10 for	\$20.00
15-18"	Each	2.75	10 for	25.00
18-24"	Each	3.75	10 for	35.00
2-2½'	Each	5.00	10 for	47.50
2½-3'	Each	7.50 to		\$10.00
3-3½'	Each	10.00 to		12.50
3½-4'	Each	12.50 to		15.00
4-4½'	Each	15.00 to		20.00

Spruce Colorado Green

Green variety of the above. Also truly a beautiful specimen evergreen.

15-18"	Each	\$1.25	10 for	\$10.00
18-24"	Each	1.50	10 for	12.50
2-2½'	Each	2.00	10 for	17.50
2½-3"	Each	2.50	10 for	20.00
3-3½'	Each	3.25	10 for	27.50
3½-4'	Each	4.00	10 for	35.00

Colorado Blue Spruce

Black Hill Spruce

A native of the Black Hill mountains and justly thought to be one of the best of evergreens. Growth upright and conical, retaining its branches well to the ground. The foliage is gray bluish green. A compact slow growing tree of long life. Our Black Hill Spruce will be sure to please you.

15-18"	Each	\$1.25	10 for	\$10.00
18-24"	Each	\$1.60	10 for	13.50
2-2½'	Each	2.00	10 for	16.50
2½-3'	Each	2.50	10 for	20.00
3-4'	Each	3.25	10 for	27.50
4-5'	Each	3.75	10 for	32.50

Black Hill Spruce

Shady places must be properly planted. Note page of suggestions.

Spruce Norway

The Christmas tree. A strong upright grower that soon develops into a large tree. Used for hedges, windbrakes, etc., also for tubs and formal plantings when small for it is a very shapely tree.

15-18"	Each	\$.90	10 for	\$ 7.50
18-24"	Each	1.30	10 for	11.50
2-2½'	Each	1.60	10 for	14.00
2½-3'	Each	1.90	10 for	16.50
3-4'	Each	2.25	10 for	20.00

If interested in Christmas tree stock write for special prices on the above stock. We have large quantities of suitable sizes for lining out.

YEW (Taxus)

The Yew or (Taxus) are beyond question among the very best in evergreens. They are disease free and hardy and will stand as much abuse as any evergreen. They are also indispensable for shady plantings. The foliage is heavy waxy and rugged.

For the first time in our fields we have a supply which should be sufficient for our trade. Prices are considerably lower this year due to this supply.

Yew American (Canadensis)

A native of Canada, hardy anywhere. A dwarf spreading shrub with dark green, glossy needles. We recommend this evergreen for spots too shady for grass and other shrubbery.

15-18'	Each	\$1.75	10 for	\$15.00
18-24"	Each	2.25	10 for	20.00

Taxus Canadensis

Turn to suggestions for shady places, page 50.

Yew Japanese (Cuspidata)

Half upright and irregular in habit, clothed with waxy black green needles. The Japanese Yew is one of the most useful evergreens for any planting. It does equally well in sun or shade. We have both spreaders or upright trees in this variety.

15-18"	Each	\$2.50	10 for	\$22.50
18-24"	Each	3.50	10 for	32.50
2-2½'	Each	4.50	10 for	42.50

Taxus Cuspidata

Yew Japanese Upright (Cuspidata Capitata)

A variety of the former decidedly upright. Can be used for sentinel work or wherever a good formal evergreen is wanted in a shady place.

2-2½'	Each	\$4.50	2½-3'	Each	\$5.25
-------	------	--------	-------	------	--------

Evergreen Seedlings and Small Transplants

Every year the demand is growing for small evergreen seedlings and transplants. These are usually planted in the garden for several years cultivation before transferring to their permanent positions. This gives an excellent opportunity for study of habit and growth also adds profit to pleasure as they are bought at a minimum cost.

200,000 Transplants under irrigation.

Seedlings (2 and 3 years). Not sold in lots less than 25 each of a variety.

BROAD LEAVED EVERGREENS

Yucca

Adam's Needle (Yucca Filamentosa)

Tall, graceful spikes, four to six feet high, with creamy white blossoms, like giant lilies of the valley rising from luxuriant evergreen foliage, make Yucca one of the most brilliantly effective plants for showy display. So hardy and easy to grow that it will transform the most barren places into year around beauty.

2 Year No. 1 Plants.....	Each	\$.30	10 for	\$2.50
Large Clumps.....	Each	.50	10 for	4.00
Extra Large Clumps.....	Each	1.00	10 for	7.50

Azalea Hinodigiri

Evergreen. An excellent Japanese variety. Flowers fiery red, very attractive. Needs some winter protection. Also makes a fine house plant. From 8" pots.

8-12"	Each	\$2.00	12-15"	Each	\$2.50
-------	------	--------	--------	------	--------

Boxwood Dwarf (Buxus Suffruticosa)

Compact little plants with tiny dark leaves, densely set. Used for edgings, tubs, etc. Needs some winter protection.

4-6"	Each	\$.35	10 for	\$2.50	100 for	\$16.00
6-8"	Each	.45	10 for	3.50	100 for	25.00
10-12"	Each	1.50				

Boxwood Tree (Buxus Sempervirens)

A dwarf slow growing shrub with tiny dark leaves. Used for tubs and borders. More hardy and upright than Buxus Suffruticosa. A Boxwood hedge is a mark of quality in any planting.

6-8"	Each	\$.40	10 for	\$2.50	100 for	\$16.00
8-12"	Each	.60	10 for	4.50	100 for	35.00
12-15"	Each	1.25	10 for	11.00		
15-18"	Each	1.75	10 for	16.00		
18-24"	Each	2.50				

Liven up your porch boxes in winter.

Cotoneaster Horizontalis (Rock Cotoneaster)

A small horizontal shrub covered with waxy mouse ear leaves. Minute pink flowers, followed by red berries. Useful for rockeries.

12" from 3" pots	Each	\$.60	10 for	\$5.00
15-18"	Each	1.25		

Daphne Crenorum (Garland Flower)

A gem for the garden or rockery, producing delicate rose pink clusters of flowers in early spring, completely covering the plant and at intervals all summer until freezing weather compels the plant to stop blooming. Flowers rival the carnation for fragrance. Growth not exceeding 10" in height eventually spreading to 2' or more. Dug B. & B.

6-8" spread	Each	\$.75	10 for	\$6.00
8-10" spread	Each	.90	10 for	7.50
10-12" spread	Each	1.15	10 for	10.00
12-15" spread	Each	1.50	10 for	12.50
15-18" spread	Each	2.25		

Evergreen Thorn (Crataegus Pyracantha)

A dense evergreen thorn, which can be trimmed to solid clumps. Foliage of very pleasing deep green with orange colored berries which persist well into the winter. Not dug B. & B.

12-18"	Each	\$.75	10 for	\$ 6.00
18-24"	Each	1.25	10 for	10.00

Hens and Chickens (Sempervivum tectorum)

Odd small cactus-like plants. A larger plant surrounded closely by many small plants. Used extensively for rockeries.

Single Plants.....	Each	\$.10	10 for	\$.80	100 for	\$6.50
Clumps.....	Each	1.00	10 for	9.00		

Holly American (Ilex Opaca)

This is the holly used for Christmas decoration. It develops into a beautiful bush-like specimen. Prefers moist, well drained soil and a partially shaded location.

12-15"	Each	\$1.25	15-18"	Each	\$1.75
--------	------	--------	--------	------	--------

Leucothoe Cataebaei

A low growing evergreen shrub, which produces tresses of lily-like flowers. The foliage is rich green in summer, turning to a bronze in winter. Does well in shade.

12-15"	Each	\$1.25	10 for	\$10.00
15-18"	Each	1.75	10 for	15.00
18-24"	Each	2.50	10 for	22.50

Mountain Laurel

The Mountain Laurel is becoming popular, being planted in group form with Rhododendrons or in individual masses. Light pink flowers are borne in clusters in May or June. Mountain Laurel and Rhododendrons demands acid soil and shade. Directions for making the soil acid will be sent upon request when plants are ordered. It is very easily and inexpensively done.

15-18"	Each	\$1.50	10 for	\$13.50
18-24"	Each	2.00	10 for	17.50
2-2½'	Each	2.50	10 for	22.50
2½-3'	Each	3.25		

**Mahonia Aquifolia
(Holly-leaved Ashberry)**

A beautiful evergreen shrub, with smooth shiny holly leaves, bright yellow flower cluster in May followed by blue grape-like berries. The leaf color varies throughout the summer, assuming all shades of green, with flecks of red and bronze.

12-15"	Each	\$.80	10 for	\$7.00
15-18"	Each	1.00	10 for	9.00
18-24"	Clumps, Each	\$1.50		
	10 for	\$12.50		

Mahonia Aquifolia

Hens and chickens for the Rock Garden.

Pieris Floribunda (Andromeda)

A native of the Blue Ridge Mountains of distinct characteristics. Its rich evergreen foliage and abundance of lily-of-the-valley-like flowers make it very effective. Being smaller than Rhododendron it makes a very effective foreground plant for them.

12-15" Each \$2.00

Rhododendron Planting

Rhododendron

Its dark green leathery foliage forms a wonderful background for other shrubbery and in winter it's a constant reminder of the Spring to come. Used largely in group plantings although single specimens are not amiss. Indispensable for shady places and is one of the few plants growing well in such locations. Our stock is all (Nursery grown) and we are offering an established superior quality not to be compared to the ordinary collected wild stock. Having a naturally good location for growing Rhododendron and Mountain Laurel and realizing the need for good stock also in an attempt to meet the overtaxed demand we have made special effort and investment to grow these splendid evergreens.

Catawbiense—Massive lavender or reddish-purple flowers in abundance in May or June. Dependable for Decoration Day bloom. Will stand full sun. This is by far the best seller and worthily so.

9-12"	Each	\$1.25	10 for	\$10.00
12-15"	Each	1.75	10 for	15.00
15-18"	Each	2.00	10 for	17.50
18-24"	Each	2.75	10 for	25.00
2-2½'	Each	3.50	10 for	32.50
2½-3'	Each	4.50	10 for	42.50
3-4'	Each	5.50	10 for	50.00
4-5'	Each	7.50		
5-6"	Each	10.00		

Rhododendron Catawbiense Compacta—A very slow growing type of the Catawbiense. Very choice stock.

15-18" Each \$3.00

Our volume of sales and our customers have increased annually.

Rhododendron Carolinum—Small leaved, rugged and dwarf. Pinkish white flowers in May. A good Rhododendron.
 9-12" Each \$1.25 10 for \$10.00 12-15" Each 1.50 10 for 12.50

Rhododendron Maximum—Heavy extra large leaves. Flowers white to pink in June or July. This variety does best in heavy shade.

12-15"	Each	\$1.25	10 for	\$10.00
15-18"	Each	1.50	10 for	12.50
18-24"	Each	2.00	10 for	17.50
2-2½'	Each	2.50	10 for	22.50
2½-3'	Each	3.00	10 for	27.50

Extra heavy specimen clumps—\$4.00 to \$10.00

Rhododendron

ORNAMENTAL AND SHADE TREES

Ash American White

Tall, rapid grower with smooth gray bark and glossy fern-like leaves. Fine for grouping or street plantings.

8-10"	Each	\$1.50	10 for	\$12.50
10-12"	Each	1.75	10 for	15.00

Birch, Canoe or Paper Bark

Makes a graceful tree with shiny leaves. Picturesque paper bark, very white when older.

5-6'	Each	\$1.10	10 for	\$ 9.00
8-10"	Each	1.75	10 for	15.00
10-12"	Each	2.25	10 for	20.00

Birch, Cutleaf Weeping

Graceful tree for lawn planting. Bark white, leaves cut and branchlets drooping.

4-6'	Each	\$2.00
6-8'	Each	2.50

Rhododendron Hybrids

Supply limited.

Alba Elegens—Light blush, changing to white.

24-36" Each \$8.50

Astrosanguineum—Deep blood red. 18-24" Each \$8.50

Boule de Nieve—White.

18-24" Each \$8.50

Delicatissima—Delicate flesh pink. 18-24" Each \$8.00

E. S. Rand—Deep crimson. 18-24" Each \$8.00

Everastianum—Rosy lilac spotted yellow. 18-24" Each 6.50

H. W. Sargent—Crimson. 18-24" Each \$9.00

Ignatius Sargent—Rose sralet, beautifully marked. 18-24" Each \$8.50

Kettledrum—Rich crimson, suffused with purple. 18-24" Each \$8.50

Old Port—Rich plum color. 18-24" Each \$7.50

Parsons Gr. F.—Bright carmine. 18-24" Each \$6.50

Purpureans Elegens—Fine purple. 18-24" Each \$8.00

Roseum Elegens—Good rose. 18-24" Each \$6.00

Roseum Superbum—Red. 18-24" Each \$7.50

Spurge Japanese (Pachysandra Terminalis)

A splendid evergreen ground cover, with thick, glossy green foliage. Makes a dense mat or low growing cover plant. Excellent for edgings. Will grow in dense shade where grass will not. Very hardy.

2 yr. 10 for \$1.80 100 for \$14.00
 Divisions 10 for \$1.00 100 for 7.50

WEeping BIRCH

Birch, Cut Leaf Weeping

Good stock and prompt delivery

Birch, European White

A large spreading tree with gray green foliage and slender branches. As the tree gets older the bark becomes white and the branches often drooping.

Catalpa Bungei

5-6'	Each	\$1.25	10 for	\$10.00
10-12'	Each	2.25		
12-15'	Each	3.00		

Catalpa Bungei (Umbrella Tree)

Grafted on stems four to six feet high. It makes an umbrella shaped top without trimming. Flourishes well in all soils. Usually set in pairs.

3 yr. heads, 4-6' stems Each \$2.50.

Chestnut, Chinese Hairy

A solution for the replacement of the doomed American Chestnut. We quote the following from a report sent to us from the U. S. Department of Agriculture.

"The Chinese Hairy Chestnut has proven to be very resistant to the blight. Trees are sometimes killed by this disease, but, when so affected, have usually been grown under unfavorable conditions.

In our experiments we have failed to lose any trees of this species where the trees have been kept growing rapidly. In many situations this means that trees should receive cultivation and fertilization. On other soils the trees make sufficient growth to have the resistance to throw off the disease without fertilization and cultivation. We regard this species as the most favorable of any which we have tested for resistance to the blight."

This fruit of this chestnut is very little different from the American Chestnut. Some of these flowered in Nursery row this summer giving indication of an early bearer.

1 year seedling, 18-24"	Each, \$.50
2-3'	Each	1.25

10 for \$3.50	100 for \$25.00
10 for 10.00	

Crab Flowering

The flowering Crabs form small compact trees. Used in lawn groups and high borders. The flowers which are like small double roses are followed by ornamental fruits.

Astrosanguinea — This variety contrasts with the others by reason of its darker purplish colors.

3-4'	Each	\$1.00	10 for	\$8.00
4-6'	Each	1.50		

Betchel's—Delicate pink, perfectly double flowers. A slow grower.

3-4'	Each	\$1.00	10 for	\$7.50
4-5'	Each	1.50		
5-6'	Each	2.00		

Flowering Crab

Replace the doomed American Chestnut.

Sargenti—Dwarf. Considerably smaller. Fruit red and showy.

3-4'	Each	\$1.10	10 for	\$8.50
4-6'	Each	1.75		

American Elm

Spectabilis—Double pink
Extra fine flower. Free bloomer.

2-3'	Each	\$.75	10 for	\$ 6.00
3-4'	Each	1.00	10 for	8.00
4-5'	Each	1.50	10 for	12.50
5-6'	Each	1.75		

Elm American

Most beautiful of all shade trees. Fast in growth with a rounded drooping graceful top. Indispensible as a shade tree because of its great spread of branches.

8-10'	Each	\$2.00	10 for	\$17.50
10-12'	Each	2.50	10 for	22.50
12-15'	Each	3.00	10 for	26.50

English Walnut (Klondike)

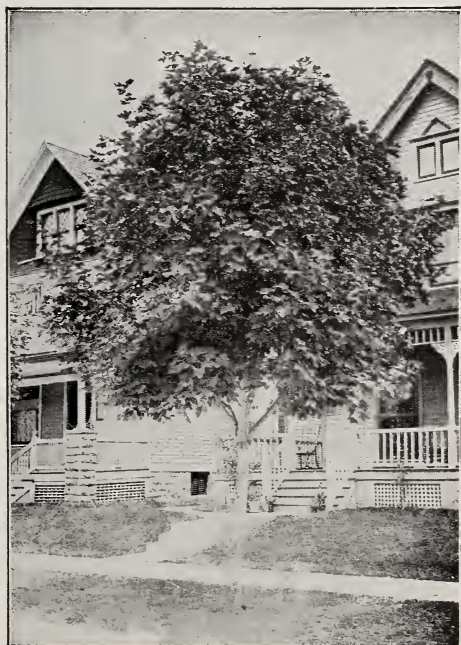

We have a perfectly hardy variety to offer. Grown from seeds produced in Erie County. Nuts extra large. Local trees are producing about a bushel a tree each year. These should make a profitable tree as well as a novelty for your orchard.

2-3'	Each	\$1.75	10 for	\$15.00
3-4'	Each	2.00	10 for	17.50
4-5'	Each	2.50	10 for	22.50
5-6'	Each	3.00	10 for	27.50

European Sycamore

A rapid growing, wide spread tree, with deep lobed palmate leaves. Valuable for its handsome foliage, hardiness and free growth. Bark grayish green in summer, molted creamy white in winter.

6-8'	Each	\$1.50	10 for	\$12.50
8-10'	Each	1.75	10 for	15.00
10-12'	Each	2.25	10 for	20.00
12-15'	Each	4.00		
2½-3" cal.	Each	\$5.50		
3-4" cal.	Each	8.00		

European Sycamore

English Walnuts for novelty and profit.

Dogwood Flowering (Cornus Floridus)

Flowering Dogwood

Flowers 3 to 3½ inches in diameter, produced in Spring before leaves appear. Spreading and irregular. Makes a beautiful lawn specimen or back-ground tree.

White—

2-3'	Each	\$.55	10 for	\$ 4.50
3-4'	Each	.75	10 for	6.00
4-6'	Each	1.25	10 for	10.00

Red Rubra—

2-3'	Each	\$3.00	10 for	\$27.50
------	------	--------	--------	---------

Dogwood Pagoda (Cornus Alternifolia)—A very picturesque small tree. Branches spread horizontally and are borne in whorls. Flat cymes of white flowers in June, followed by an abundance of blue-black berries. Attains a height of 15 to 20 feet.

2-3'	Each	\$.70	10 for	\$6.00
3-4'	Each	.90	10 for	7.50
4-5'	Each	1.25		

Japanese Larch (Larix Leptoleptsis)

A fast growing deciduous conifer with all the beauty of an evergreen in summer. Foliage bright green turning to a distinct rich yellow in autumn. Makes a fine lawn or border tree. Very attractive and popular where ever it is used. Fall or very early spring planting advised.

2-3'	Each	\$.50	10 for	\$3.50
3-4'	Each	.80	10 for	6.00
4-5'	Each	1.10	10 for	8.50
5-6'	Each	1.50		

Judas Tree or Red Bud—see shrubbery,

Japanese Larch

Dogwoods lend a picturesque effect.

Magnolia Glauca (Sweet Bay)

In a moist situation it grows to a height of 30 feet much smaller on dry ground. Its thick waxy leaves are nearly evergreen. Delightfully fragrant creamy flowers in June.

18-24" B & B Each \$2.50

**Mangolia Solangeana
(Saucer Magnolia)**

One of the finest of the flowering trees growing to 20 feet. Flowering even when small with cup shaped blossoms from 3 to 5 inches across. Purplish pink and white and appearing before its leaves which are massive and glossy.

18-24" B & B Each \$5.00

2-3' B & B Each 8.50

3-4' B & B Each 12.50

Best transplanted in early spring. Let us book your orders and ship when season is right.

**Maiden Hair Tree
(Ginko)**

A strikingly handsome street or lawn tree defying smoke, dust and insects. Erect, pyramidal form with small heart-shaped leaves.

6-7' Each \$2.25 10 for \$20.00

7-8' Each 2.75 10 for 25.00

**Magnolia Solangeana****Maple, Sugar or Hard**

Our native tree and grandest of all shade trees. Somewhat slow in growth when small but quite rapid as the tree becomes established. It makes a straight spreading and symmetrical tree of grand proportions and lives as a landmark for ages to come. We have some exceptionally fine work.

6-8'	Each	\$1.50	10 for	\$12.50
8-10'	Each	2.00	10 for	17.50
10-12'	Each	2.50	10 for	22.50
1½-1¾"	Cal.	Each \$3.25	10 for	\$30.00
1½-2"	Cal.	Each 3.75	10 for	33.50

Maple Japanese (Cut Leaf Green)

A dwarf compact tree which seldom exceeds ten feet at maturity. Reddish foliage which turns to beautiful shades of red and bronze in Autumn. Add distinction to a group planting of shrubbery.

15-18"	Each	\$1.00	10 for	\$ 8.00
18-24"	Each	1.50	10 for	12.50
2-3'	Each	2.00	10 for	15.00
3-4'	Each	2.50	10 for	20.00
4-5'	Each	3.00	10 for	25.00

Maple Japanese (Blood Leaf)

A grafted variety of the former with blood red leaves. Very showy. Because of slow growth and heavy demand general supply is limited. We have a nice lot.

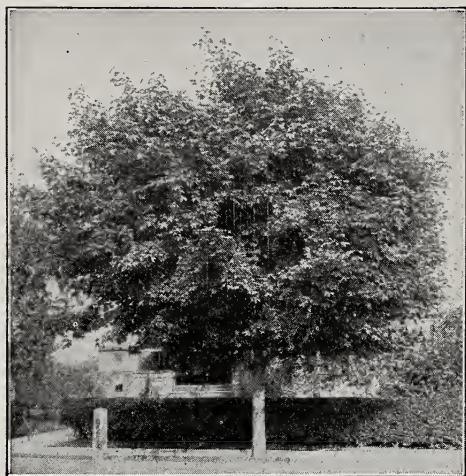

B & B	15-18"	Each	\$4.00	10 for	\$35.00
B & B	18-24"	Each	5.00	10 for	45.00
B & B	2-2½'	Each	7.00		

Maple Japanese (Shredded Blood Leaf)

A very dwarf type with finely shredded or fernlike leaves. This is also a red leaved variety. Makes a wide mound solid from ground up.

B & B	15-18"	Each	\$5.00
B & B	18-24"	Each	6.50

Our shade trees will please you. They have been carefully grown.

Maple Norway

Maple Norway

One of the hardiest shade trees and one of the most ornamental. It has broad showy leaves and furnishes a dense shade throughout the summer. Neat compact habit with a rounded head.

6-8'	Each	\$2.00	10 for	\$17.50
8-10'	Each	\$2.75	10 for	25.00
1½-1¾"	Cal	Each	4.00	10 for 37.50
1¾-2"	Cal	Each	5.00	

Maple Red, Scarlet or Swamp

A very valuable tree for street or park planting. Attractive at every season for its excellent habit. Bright red flowers in early Spring. It possesses a beautiful foliage which turns bright orange in Autumn.

6-8'	Each	\$1.50	10 for	\$12.50
8-10'	Each	2.25	10 for	20.00
10-12'	Each	2.75	10 for	25.00

Maple Schwedleri

This is a purple leaved Norway Maple, having all the ornamental beauty of the Norway Maple with the added attraction of pleasing reddish leaves in Spring changing to purplish green in summer.

6-8'	Each	\$3.00	10 for	\$27.50
------	------	--------	--------	---------

Maple Silver

A hardy rapid growing maple. Valuable for quick shade. An excellent street tree. Leaves silvery gray and deeply serrated. We grow large quantities and have a very fine block this year.

6-8'	Each	\$.75	10 for	\$ 6.00		
8-10'	Each	1.25	10 for	10.00		
10-12'	Each	1.50	10 for	12.50		
12-15'		1½-2"	Caliper	Each	\$2.25	10 for \$20.00
2-2½"	caliper	Each	\$2.75	10 for	\$24.00	
2½-3"	caliper	Each	3.50			

Stripped Maple (Moosewood)

Handsome medium sized tree of upright, dense habit with bright green large foliage, turning clear yellow in autumn, and attractive even in winter, from its smooth greenish bark stripped with white. Prefers a moist situation and is very useful as a background specimen in shrubbery landscaping of banks or borders.

3-4'	Each	\$.75	10 for	\$6.50
------	------	--------	--------	--------

The backyard should be a place of beauty.

Mountain Ash American

A graceful tree with fern-like gray green foliage. Bear large panicles of bright orange scarlet berries, which hang on well into the winter.

6-8'	Each	\$1.25	10 for	\$11.00
8-10'	Each	1.75	10 for	15.00
10-12'	Each	2.25		

Mountain Ash European

Growth slightly more rapid than American Mountain Ash. Fruit red or crimson. The contrast in the fruit coloring makes them very attractive when planted in groups with American Mountain Ash.

5-6'	Each	\$1.00	10 for	\$ 8.00
6-8'	Each	1.40	10 for	11.50

Mulberry Russian

A fruit bearing tree very attractive for birds and just the thing for the hen yard. Fruit edible. Also makes a good ornamental tree. Ideal for a good wind-brake tree.

4-6'	Each	\$.75	10 for	\$6.00
6-8'	Each	1.00	10 for	8.50
8-10'	Each	1.25		

Mulberry Tea's Weeping

Long slender branches curve gracefully to the ground forming an umbrella shaped head. 2 year heads on 5-6' stems Each \$4.00.

OAK (Quercus)

Pin Oak

Almost pyramidal in habit growing rapidly and develops the family characteristics sooner than most oak when older it is half weeping as the lower branches touch the ground.

6-8'	Each	\$2.75
8-10'	Each	3.50

Oak Red

A large tree unusually large in leaf and quick in growth. Foliage purplish crimson in Fall. Matures into a beautiful lawn specimen.

6-8'	Each	\$2.75
8-10'	Each	3.50
1½-2"	Each	5.00

Red Oak

Russian Olive (Eleagnus Augustifolia)

A small tree growing to 20 or 30 feet with dark green bark and small silvery leaves. In habit of growth it closely resembles the Willow. Deep golden flowers followed by ornamental olive fruit.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.75	10 for	6.00
4-5'	Each	1.00	10 for	8.50
5-6'	Each	1.25		

Smoke Tree—(See Fringe) under Shrubbery.

Why not have an outdoor living room?

Sumac Fern Leaf

A beautiful Sumac. The leaves are very finely shredded making it look like a large fern. The Autumn coloring of Sumac is truly very attractive.

3-4'	Each	\$.60	10 for	\$5.00
6-8'	Each	1.10	10 for	9.00

Thorn Cordata (Washington Hawthorn)

Slow growing bushy tree with small brilliant red berries, which persist nearly all Winter. Has a brilliant Autumn effect.

3-4'	Each	\$.90
4-5'	Each	1.25
5-7'	Each	2.00

Thorn Oxycantha (English Hawthorn)

Slow growing tree maturing at 12-15 feet. Single white flowers followed by scarlet fruit. These develop with a regular outline. Thorns are very popular because of the natural effect they produce.

2-3'	Each	\$.75	10 for	\$ 5.00.
------	------	--------	--------	----------

Thorn Paul's Scarlet

Flowers very double, deep crimson with scarlet shade.

2-3'	Each	\$1.25	10 for	\$10.00
------	------	--------	--------	---------

Tulip Tree (White Wood)

A fast growing tree which develops into a fine symmetrical and pyramidal shade tree. Has handsome waxy, light green leaves, which are square and pointed. Allied to the Magnolia. It derives its name from the large tulip-like flowers which are conspicuous because of their size and shape.

6-8'	Each	\$1.25	10 for	\$10.00		
8-10'	Each	1.60	10 for	13.50		
10-12'	Each	2.00		2-2½"	Caliper	\$2.75
1¾-2"	Caliper	2.25		2½-3"	Caliper	4.00

Weeping Babylonian Willow

The popular weeping willow. Used extensively in low ground.

6-8'	Each	\$1.00	10 for	\$ 7.50
8-10'	Each	1.50	10 for	12.50

DECIDUOUS SHRUBS

Our shrubs are all heavy, well developed stock, planted with ample spacing and carefully cultivated to assure the best of quality. Along with our evergreens we have built up a variety which enables us to meet completely the needs of exacting landscape plans.

Almonds, Flowering

Early Spring flowering shrubs, with beautiful small double pink flowers, snuggling close to the twigs.

18-24"	Each	\$.65	10 for	\$5.00
2-3'	Each	.90	10 for	7.50

Althea (Rose of Sharon)

Blooms late in August or September with a profusion of large and brightly color flowers. Growing upright to 12 or 15 feet.

Double Rose, Double White, or Double Purple.

18-24"	Each	\$.40	10 for	\$3.00
--------	------	--------	--------	--------

Amorpha Fruiticosa (Indigo)

Growing 6 to 10 feet tall, it makes an interesting ornamental shrub of spreading habit. Fine, feathery foliage. Remarkable for the unusual color of its dark violet purplish flowers.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.60	10 for	5.00

Flowering Almond.

Screen out that objectional view.

Aralia Pentaphylla

A graceful shrub with arching branches and bright green, shining foliage. Excellent on rocky banks and slopes. Resists smoke. Makes a small tree in time. Greenish white flowers in long umbels.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.60	10 for	5.00

Aronia Melanocarpa (Black Chokeberry)

Attractive upright shrub growing to 8 feet with pale green leaves which are vividly red in fall. Delicate white flowers in May are followed by black berries which persist well along into winter.

18-24"	Each	\$.45	10 for	\$3.50
--------	------	--------	--------	--------

Azalea

Azaleas are among the most beautiful of flowering shrubs bearing an abundance of brilliant flowers in June. They require a somewhat acid soil and should be planted in a sunny location to bring forth the most bloom. All Azaleas-dug B & B.

Lutea—Orange to canary blossoms.

15-18"	Each	\$1.50	10 for	\$12.50
18-24"	Each	2.00	10 for	17.50

Mollis-(Chinese Azalea)—An excellent Chinese variety with extra large deep pink to bright yellow flowers. We are propagating thousands of this wonderful Azalea. Dependable for Decoration Day bloom and fine for cemetery planting.

12-15"	Each	\$1.60	10 for	\$14.00
15-18"	Each	\$2.00	10 for	17.50
18-24"	Each	2.75	10 for	25.00

Nudiflora (Pinkster Azalea)—Pink flowers which appear before the leaves.

15-18"	Each	\$1.25	10 for	\$10.00
18-24"	Each	1.50		

Barberry Japanese

Small dense foliage, bright green in color, turning to orange and red in Autumn. Valuable for hedges. May be pruned to any form or height. Growths 3 to 4 feet high. Beautiful in Autumn. Does not carry wheat rust. Bright red berries hang on all winter.

15-18"	Each	\$.20	10 for	\$1.75	100 for	\$12.50
18-24"	Each	.30	10 for	2.50	100 for	20.00
2-3'	Each	.35	10 for	3.00	100 for	25.00

Barberry Japanese Box

A very desirable dwarf Barberry with such compact even growth that it can be trimmed to shape like Boxwood. Makes a very desirable hedge around the formal garden or wherever a neat compact hedge is desired. Recommend this as the proper plant to plant in front of evergreens where a protection is desired.

6-9"	Each	\$.25	10 for	\$2.00	100 for	\$15.00
9-12"	Each	.35	10 for	2.80		
12-18"	Each	.45	10 for	3.50		
18-24"	Each	.60	10 for	5.00		

Barberry Japanese Red Leaved

A new introduction with all the good characteristics of the parent. Leaves blood red throughout the growing season and with intensified fall coloring. Should be planted in sun for best color.

12-15"	Each	\$.50	10 for	\$4.00	100 for	\$35.00
15-18"	Each	.75	10 for	6.00	100 for	50.00

Our shrubbery is thrifty and well developed.

Buddleia (Butterfly Bush) or (Summer Lilac)

One of the most admired and desired of shrubs. Blooms from August until frost kills the foliage in fall. Flowers ten inches long and three inches in diameter are not unusual. Very fragrant, attracting butterflies.

1 year roots Each \$.40; 10 for \$3.00

2 year roots Each .50; 10 for 4.00

(Sweet Scented Shrub) Calycanthus Floridus

Upright to six feet, clothing its straight reddish shoots with large glossy leaves. Flowers double, chocolate red.

18-24" Each \$.50; 10 for \$4.00

2-3' Each .65 10 for 5.50

3-4' Each .80 10 for 7.00

Buddleia or Butterfly Bush

Cydonia Japonica (Japanese Quince)

A very showy, bushy shrub of medium size with protective thorns. Blooms early with fiery red flowers.

18-24" Each \$.40 10 for \$3.00

2-3' Each .60 10 for 5.00

Cydonia Japonica Pygmaea (Dwarf Japanese Quince)

Dwarf flowers, more salmon color than Cydonia Japonica. Excellent for heavy hedge.

18-24" Each \$.45 10 for \$3.50
100 for \$30.00

2-3' Each .55 10 for 4.50
100 for \$40.00

Cornus (Dogwood)

Mainly valuable for use as filler plants. Their leaves are bright and variegated on some varieties. White flowers borne in flat cymes are followed by decorative berries which are a great attraction for the birds. The bright and glossy bark is brilliant and many colored and for this reason they are fine in group plantings for winter effects.

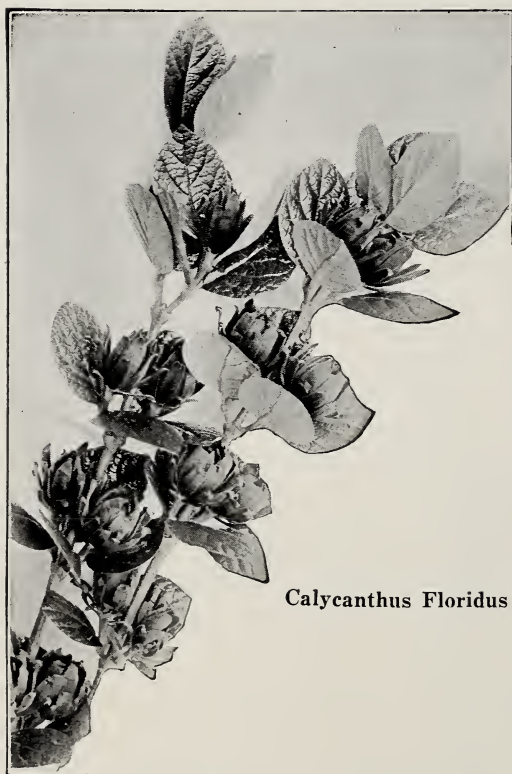

Cornus Lutea (Gold Bark Dogwood)

Attains a height of about 5 feet. In Winter the bright yellow bark livens up the landscape. This variety and the red barked varieties work well together for contrast.

2-3' Each \$.40 10 for \$3.00

3-4' Each .60 10 for 5.00

Barberry makes a fine protective hedge.

Cornus Paniculata (Gray Dogwood)

A well rounded compact bush bearing small white flowers in May followed by white fruit or berries on noticeable red stems.

3-4'	Each	\$.75	10 for	\$6.00
4-5'	Each	.90	10 for	7.50
5-6'	Each	1.10	10 for	9.00

Cornus Siberica (Red Bark Dogwood)

In Winter the bright red bark of this shrub offers deep contrast to the more sombre colors of other wood. Grows 5-6 feet high.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00
4-5'	Each	.60		

Cornus Siberica Elegentissima (Silver Blotch Dogwood)

Furnishes all the beauty of the Red Barked Dogwood in Winter with the added attraction of beautiful variegated or silver leaves in Summer. Very showy and one of the best shrubs. Can be kept compact by pruning.

3-4'	Each	\$.65	10 for	\$5.50
4-5'	Each	.80	10 for	6.50

Cornus Stolonifera (Red Osier)

Medium sized, dark red bark and, white flowers followed by white berries.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00

Desmondium Pendulifolium (Bush Clover)

Showy purple flowers in late summer. Grows 3 to 5 feet high and winter kills back to the ground only to come up the next year thicker and heavier than the previous year. Makes an attractive shrub as it blooms when other flowering shrubs are mostly out of flower.

2 yr.	Each	\$.50	10 for	\$4.00
-------	------	--------	--------	--------

Deutzia
Pride of Rochester

Deutzia

Tall upright plants which bloom in June. Flowers dainty bell or tassel shaped, borne thickly in clusters along its branches.

Candidissima, Double, pure white.

Crenata, Single pure white, distinct type.

Crenata Fl. Pl. Double white, stripped Pink.

Price on above tall growing varieties.

2-3'	Each	\$.40	10 for	\$3.00	100 for	\$25.00
3-4'	Each	.50	10 for	4.00	100 for	35.00
4-6'	Each	.60	10 for	5.00		

Gracilis—A dwarf growing variety, not exceeding 3 feet at maturity. A mass of pure white flowers in May. Excellent for foreground for larger shrubbery.

12-15"	Each	\$.30	10 for	\$2.50	100 for	\$20.00
15-18"	Each	.40	10 for	3.50	100 for	30.00
18-24"	Each	.50	10 for	4.00	100 for	35.00
2-2½'	Each	.60	10 for	5.00		

Gracilis Rosea (Pink Flowering Gracilis)

12-15"	Each	\$.40	10 for	\$3.00
--------	------	--------	--------	--------

Deutzia—(Continued)

Lemoine—Medium grower of upright habit, long spikes of white flowers. Matures at 4 to 5 feet. This is the intermediate grower between the taller and the dwarf varieties.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.70	10 for	5.50

Pride of Rochester—Grows 6 to 8 feet high. Blooms in May before the others. Flowers large and free. Double white.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00
4-6'	Each	.60	10 for	5.00

Dry Land Blueberry (Vaccinium Pennsylvanicum)

Ideal for the Rockery, growing from 1 to 2 feet. Sometimes called Low Blueberry. Lily-of-the-Valley-like flowers are followed by blueberries, which are delicious as well as ornamental.

Clumps	15-18"	Each	\$1.75	10 for	\$15.00
Clumps	18-24"	Each	2.00	10 for	17.50
Clumps	2-3'	Each	2.50	10 for	22.50

Evonymus Alatus (Wing Burning Bush)

Spreading shrub to 8 feet. It has corky winged branches. A fine shrub for solitary planting as well as for massing. The rich red and crimson of its leaves are very showy in autumn.

18-24"	Each	\$.60	10 for	\$5.00
--------	------	--------	--------	--------

Evonymus Americana (Strawberry Shrub)

Upright shrub to 8 feet the tips of the branches are pendulous and covered with pleasing glossy foliage. Yellowish or reddish green flowers in June followed by showy pink fruit in September and October. Makes a very pleasing effect when planted with shrubbery group or grouped alone.

2-3'	Each	\$.50	10 for	\$4.00	100 for	\$30.00
3-4'	Each	.60	10 for	5.00	100 for	40.00
4-5'	Each	.75	10 for	6.50		

Evonymus Atropurpureans (Wahoo)

A large shrub or small tree with interesting shiny leaves which turn to beautiful reddish shades in the fall. Has an abundance of showy red fruit in September very similar to *Evonymus Americana*.

3-4'	Each	\$.75	10 for	\$6.00
4-6'	Each	1.00	10 for	7.50
6-8'	Each	1.50	10 for	12.50

**Evonymus Americana****Exorchora Grandiflora (Pearl Bush)**

One of the showiest flowering shrubs. Grows to a height of 6 to 8 feet. The early buds look like pearls, opening into long, gleaming sprays of pure white.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.60	10 for	5.00

Forsythia

Splendid shrubs growing quite tall, brightening the garden in early spring, before the leaves appear, with masses of yellow flowers.

Fortunei—This variety has arching branches and is a vigorous grower.

18-24"	Each \$.40	10 for	\$3.50
2-3'	Each	.50	10 for	4.50
3-5'	Each	.65	10 for	5.50
5-6'	Each	.75	10 for	6.50

Intermedia—The earliest blooming type. Growth upright.

2-3'	Each \$.50	10 for	\$4.00
3-4'	Each	.60	10 for	5.00
4-6'	Each	.75	10 for	6.00

Forsythia

Spectabilis—Most profuse of all, with large rich golden flowers.

2-3'	Each	\$.55	10 for	\$4.50
3-4'	Each	.70	10 for	6.00

Viridissima—The most upright, having a very brilliant green foliage, which sets it off during the summer.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.60	10 for	5.00
4-5'	Each	.75	10 for	6.00

Fringe Purple (Rhus Cotinus) Smoke Tree

A spreading shrub or small tree. In mid-summer it is overhung with persistent mist-like flowers which are light lavender and give impression of smoke when seen from a distance. The color of the flowers change throughout each day.

2-3'	Each	\$.60	10 for	\$ 5.00
3-4'	Each	.90	10 for	7.50
4-6'	Each	1.25	10 for	10.00
6-8'	Each	1.50	10 for	12.50

Fringe White (Chionanthus Virginica)

A very showy shrub with large leathery leaves and lace-like white flowers which persist over a long season are borne in graceful drooping panicles. Grows to small tree-like proportions retaining the branch well to the ground.

2-3'	Each	\$1.00	10 for	\$9.00
3-4'	Each	1.25		

Smoke Tree

Realizing that your success in growing our stock is ours, we send stock out in A-1 condition.

Honeysuckle Bush (Lonicera)

The Honeysuckles have early white to pinkish red blossoms which are followed by an abundance of orange to red colored berries. They are among the first of the shrubs to break forth in Spring and their bright green foliage is indeed welcome in contrast to their yet sleeping neighbors. Will do well in partial shade and makes an excellent high hedge or background shrub.

Fragrantissima—A favorite drooping type distinguished by its dark leathery leaves which are practically evergreen if in a sheltered position. It derives its name from the intense fragrance of its tiny pinkish white flowers. Blossoms very early in small clusters.

2-3'	Each	\$.45	10 for	\$3.50
3-4'	Each	.60	10 for	5.00

Morrowi—This is a spreading type growing to 6 feet. Early creamy white flowers followed by blood-red berries which are very attractive.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00
4-5'	Each	.65	10 for	5.00

Tartarica—An upright tall growing shrub 8 to 10 feet. Small pinkish white blossoms followed by shiny red berries which hang an all Summer and Fall. Used extensively for high hedges.

2-3'	Each	\$.40	10 for	\$3.00	100 for	\$20.00
3-4'	Each	.50	10 for	4.00	100 for	30.00
4-5'	Each	.65	10 for	5.00	100 for	40.00
5-6'	Each	1.00	10 for	7.50		

Tartarica Rosea—Pink flowers. Otherwise similar to the Tartarica.

3-4'	Each	\$.50	10 for	\$4.00	100 for	\$30.00
4-5'	Each	.65	10 for	5.00		

Tartarica Rubra—Red flowers. Somewhat slower grower. Otherwise similar to the Tartarica.

2-3'	Each	\$.45	10 for	\$3.50	100 for	\$25.00
3-4'	Each	.55	10 for	4.50	100 for	35.00
4-5'	Each	.75	10 for	6.00		

Hydrangea Aborescens Grandiflora (Hills of Snow)

Flowers conspicuously white and imposing. Blooms July to September. If kept trimmed, will make solid masses. Three to five feet high. Excellent for borders.

18-24"	Each	\$.45	10 for	\$4.00
2-3'	Each	\$.60	10 for	5.00

Hydrangea Paniculata Grandiflora (Tree Hydrangea)

Can be trained to tree form. Flowers massive and white, turning to pink, bronze and green. Flowers hang on most all winter. Conspicuous and effective.

Bush Form:

18-24"	Each	\$.40	10 for	\$3.00
2-3'	Each	.60	10 for	5.00
3-4'	Each	1.00	10 for	7.50

Hydrangea Paniculata

Tree Form: A fine well headed lot.

2½-3'	stems	2 yr. heads	Each	\$1.00	10 for	\$ 8.50
3-3½'	stems	2 yr. heads	Each	1.25	10 for	11.00

Honeysuckle for hedges and background.

Hypericum Aurea (Golden St. Johnswort)

Forms a dense shrub 2 to 3 feet with shiny blue green foliage. Bright yellow flowers about two inches in diameter are borne persistantly and abundantly in August and September. Does well in partial shade.

2 yr.	15-18"	Each	\$.50	10 for	\$4.00
-------	--------	------	--------	--------	--------

Kerria Japonica (Single Kerria)

A dwarf shrub with a multitude of numerous graceful green branches and brilliant serrated leaves. Single golden flowers from June to September. The bright green wood is very noticeable throughout the whole year.

18-24"	Each	\$.50	10 for	\$4.00
2-3'	Each	.65	10 for	5.00

Kerria Japonica FL. PL. (Double Kerria)

Somewhat stronger grower than the former. Double golden flowers. Prolific bloomer. This variety is not quite as hardy as the single Kerria sometimes winter killing back to the ground. It comes back however in one season to full proportion and bloom.

2-3'	Each	\$.60	10 for	\$5.00
3-4'	Each	.75	10 for	6.00

Kolkwitzia Amabilis (Beauty bush)

A beautiful new shrub from China. Growing to 6 feet with graceful arching habit. In June the deep pink buds open into beautifully marked pale pink flowers which are bell shaped and borne in clusters. Supply limited.

2 year	15-18"	Each	\$1.00	10 for	\$9.00
--------	--------	------	--------	--------	--------

Laburnum Vulgare (Golden Chain)

The Golden Chain are handsome small trees with dark green trifoliate leaves falling late in Autumn without change in color. It has drooping (12-18") racemes of bright yellow flowers in late Spring, followed by long, narrow pods remaining on the tree a long time. Disease free.

18-24"	Each	\$.50	10 for	\$4.50
--------	------	--------	--------	--------

Lilac (Syringa)

Although an old shrub, still it is one of the most admired. Every yard should have at least one lilac. We offer them in wide variations.

Common — Common purple.

18-24"	Each	\$.35	10 for	\$2.50
2-3'	Each	.60	10 for	5.00
3-4'	Each	.75	10 for	6.50

Lilacs

Persian Purple—Dwarf growing with slender branches and narrow leaves. The minutes single flowers in loose panicles make it very odd and attractive.

2-3'	Each	\$.75	10 for	\$6.50
3-4'	Each	1.00	10 for	8.00

Persian White—White.

3-4'	Each	\$.90	10 for	\$7.50
------	------	--------	--------	--------

Fall planting pays. Plant shrubbery in November or early Spring.

Lilac French Hybrid

These have been developed by careful selection from the already beautiful common lilac.

Charles Joly—Double violet or wine purple. Superior to common lilac.

2-3'	Each	\$1.00	10 for	\$8.00
------	------	--------	--------	--------

Marie La Graye—Pure white, single

2-3'	Each	\$1.00	10 for	\$7.50
------	------	--------	--------	--------

Mme. Cassimer Perrier—White, Double Clusters, double flowers.

2-3'	Each	\$1.00	10 for	\$8.00
------	------	--------	--------	--------

3-4'	Each	1.25	10 for	10.00
------	------	------	--------	-------

Michael Buchner—Pale lilac. Double flowers and double clusters. Medium to dwarf.

2-3'	Each	\$1.25	10 for	\$10.00
------	------	--------	--------	---------

3-4'	Each	1.50	10 for	12.50
------	------	------	--------	-------

Ludwick Spath—Single Reddish Purple.

18-24"	Each	\$.75	10 for	\$6.50
--------	------	--------	--------	--------

Pres. Grevy—Double Blue.

18-24"	Each	\$.75	10 for	\$6.50
--------	------	--------	--------	--------

2-3'	Each	1.00	10 for	8.00
------	------	------	--------	------

3-4'	Each	1.50		
------	------	------	--	--

Philadelphus (Mock Orange)

The Philadelphus are among the best of shrubs for background and screen purposes. Their fragrant orange blossom flowers and unusual good foliage make them desirable.

Aurea (Golden Mock Orange)—A compact slow growing shrub which attains a height of 4 feet. The best golden leaved shrub. Valuable for contrast.

12-18"	Each	\$.50	10 for	\$4.00
--------	------	--------	--------	--------

18-24"	Each	.75	10 for	6.50
--------	------	-----	--------	------

2-2½'	Each	.90	10 for	8.00
-------	------	-----	--------	------

Coronarius (Sweet Mock Orange)—White fragrant flowers profusely borne in May and June.

2-3'	Each	\$.45	10 for	\$3.50
------	------	--------	--------	--------

3-4'	Each	.60	10 for	5.00
------	------	-----	--------	------

Grandiflora—A popular shrub. Flower very large and white with golden stamens. Blossoms in June. Eight to ten feet tall.

2-3'	Each	\$.40	10 for	\$3.00
------	------	--------	--------	--------

3-4'	Each	.60	10 for	5.00
------	------	-----	--------	------

4-6'	Each	.70	10 for	6.00
------	------	-----	--------	------

Lemoine—Foliage fine. Erect shrub to six feet. Flowers in June.

3-4'	Each	\$.75	10 for	\$6.00
------	------	--------	--------	--------

Nana—Dwarf growing to 5 feet. Flowers extremely fragrant.

3-4'	Each	\$1.00	10 for	\$7.50
------	------	--------	--------	--------

Virginalis—The most showy variety with double white flowers which are sweetly fragrant and have a long blooming season. Good foliage and compact upright growth.

2-3'	Each	\$.75	10 for	\$6.50
------	------	--------	--------	--------

3-4'	Each	.90	10 for	8.00
------	------	-----	--------	------

4-6'	Each	\$1.25		
------	------	--------	--	--

Philadelphus Virginalis

Every yard should have a lilac.

Privet (Ligistrum)

For hedges and screens. 25 at 100 rates.

Amoor North River—A very hardy northern type. Growth vigorous and upright. Makes a strong bold hedge with quite conspicuous white bloom. This variety is being used more each year where a good hedge is desired and temperature will not permit the use of California privet.

18-24"	Each	\$.20	10 for	\$1.20	100 for	\$ 8.00
2-3'	Each	.25	10 for	1.50	100 for	10.00

A Privet Hedge

California—The popular hedge. By proper spacing we produce a superior grade 25 or more at 100 rates. We have an exceptionally large block this year and prices are special.

18-24"	10 for	\$1.00	100 for	\$5.00
2-3'	10 for	1.20	100 for	7.00
3-4'	10 for	1.80	100 for	8.50

California Variagata—Leaves margined and streaked creamy white. Useful as hedge or for contrast in group plantings.

18-24"	Each	\$.35	10 for	\$2.50
2-2½'	Each	.45	10 for	3.50

Lodense—A slow growing dwarf privet which closely resembles Boxwood. Cannot be excelled where a low compact hedge is desired. This Privet was recently introduced to the trade and is rapidly finding favor.

6-8"	10 for	\$1.50	100 for	\$11.00	
8-12"	10 for	2.00	100 for	15.00	
12-18"	10 for	2.50	100 for	18.00	
18-24"	Matured heavy stock	10 for	3.50	100 for	\$30.00

Regal's (Regalium)—A strong very hardy type with numerous horizontally spreading, stiff twiggy branches. Has a slight drooping tendency and makes a fine wide hedge. White bloom in Spring and clusters of black berries throughout the Winter.

18-24"	Each	\$.30	10 for	\$2.00	100 for	\$15.00
--------	------	--------	--------	--------	---------	---------

Ibodium (Hardy California)—New. This privet is identical with California except that it will stand more severe winters.

18-24"	10 for	\$1.00	100 for	\$7.00
2-3'	10 for	1.40	100 for	9.00

We grow heavy grade Privet.

Red Bud (*Cercis Canadensis*) (Judas Tree)

A large growing shrub or small tree attaining a height of 12 to 15 feet. Irregular in form with heart-shaped leaves. Covered with rosy-pink flowers early in Spring and is largely used to give color at this time in group plantings.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.75	10 for	6.50
4-6'	Each	1.00	10 for	7.50

Rhamnus Catharticus (Buckthorn)

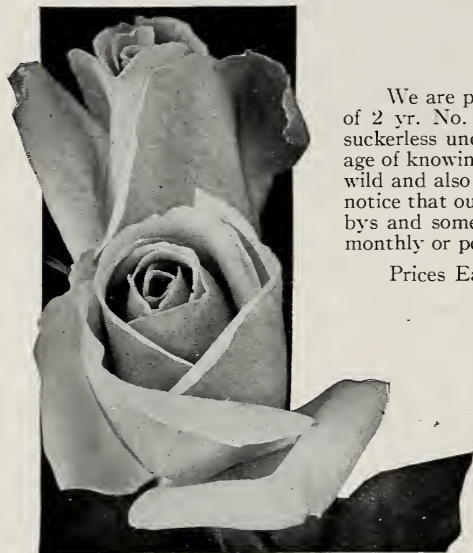

A valuable shrub for a high prunable hedge, also for a background shrub. It has dark green leaves relieved by mid-summer masses of white flowers, which are followed by black berries.

2-3'	Each	\$.35	10 for	\$2.50	100 for	\$20.00
3-4'	Each	.40	10 for	3.00	100 for	25.00

Rhodotypos Kerriodes (White Kerria)

Grows 4 to 5 feet with fresh green foliage. Pure white flowers in May followed by shiny bead-like berries which hang on all Winter. It will endure partial shade.

2-3'	Each	\$.55	10 for	\$ 4.50
3-4'	Each	.75	10 for	6.00

Rose (Radiance)

ROSES

We are pleased to offer a superior strong grade of 2 yr. No. 1 roses which are budded on a new suckerless understock. This gives you the advantage of knowing that your roses will not revert to the wild and also saves sprouting the understock. Also notice that our list is made up of the finer old stand-bys and some of the better new varieties. All are monthly or perpetual blooming roses. Plant in fall.

Prices Each \$.90; 6 or more assorted @ 75c.

Dame Edith Helen; H.T.

Pure pink, fragrant, quilled petals; long lasting, grandest of all pink roses.

Frau Karl Druscki, H.P.

Standard of white roses.

Gruss an Teplitz, H. T.

Crimson-Scarlet.

Lady Hillingdon, T. Soft apricot yellow; rare color.

Los Angeles, H.T. Coral yellow.

Mme. Butterfly, H.T. Flesh pink tinted saffron and gold.

Mme. A. Barbier, H.P. Light salmon yellow, profuse all season; low growing, a fine rose.

Mme. A. Dreux, H.T. Like Tangerine orange skin wonderful rose color.

Mrs. Chas. Bell, H.T. Silver Pink Radiance type.

Radiance, H.T. Pink, most popular American rose, prolific and hardy.

Red Radiance, H.T. Red, ditto above.

Rev. F. Page Roberts, H.T. Indian yellow; reverse of petal carmine rose.

Talisman, H. T. Accommodation of yellow, copper and pink.

Ville de Paris, H.T. The best yellow has a fine golden center; holds its color without fading.

Willowmere, H. T. Coral-pink tinted gold.

Roses are the Queen of Flowers

Baby Ramblers

All Baby Ramblers bloom continuously.

Eblouissant, Dark red.

Golden Salmon, Flaming orange, brilliant.

Orange King, Large clusters, small orange bloom.

Climbing Roses

Dorothy Perkins, Clear pink, large clusters, medium to small bloom.

Dr. Van Fleet, Silver pink, large flowers.

Excelsior, Red. Also called Red Dorothy Perkins.

Pauls Scarlet, Scarlet, large bloom.

White Dorothy Perkins, Pure white.

Rosa Rugosa

Single red flowers followed by showy apple-like red fruit. Flowers and fruit persist all summer and fall. Excellent for grouping or individual beds making very attractive mounds.

2-3'	Each	\$.75	10 for	\$6.00
------	------	--------	--------	--------

Rose Acacia (Robinia Hispida)

An elegant shrub growing 5 to 6 feet and soon developing into a rounded mass. Long graceful clusters of pea-shaped rosy pink flowers in June and often throughout the Summer.

2-3'	Each	\$.60	10 for	\$5.00
3-4'	Each	.75	10 for	6.00
4-6'	Each	1.00	10 for	8.50

Sambucus Aurea (Golden Elder)

Variegated leaves of bright yellow color. Flowers white, followed by red berries. Excellent for contrast in group planting.

3-4'	Each	\$.60	10 for	\$5.00
4-6'	Each	.75	10 for	6.00

Spirea

The Spirea all bloom with riot of profusion. Style, color and characteristics vary so widely that a variety of them will assure bloom the entire season and still evade repetition.

Anthony Waterer—Dwarf bushy shrub growing to three feet, with flowers on flat racemes from June to Fall. Flower rosy crimson.

15-18"	Each	\$.40	10 for	\$3.00
18-24"	Each	.50	10 for	4.00
2-3'	Each	.65	10 for	5.00

Spirea Anthony Waterer

Billardi Pink—Growing 5 to 6 feet. It is crowned with fluffy pink tassel-like flowers from July to October. Scarcely twigged and branches upright. Blooms consistently and is very showy in group or naturalistic plantings.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00
4-5'	Each	.60	10 for	5.00

Callosa Alba—White form of Anthony Waterer.

15-18"	Each	\$.40	10 for	\$3.00
18-24"	Each	.50	10 for	4.00

Frobeli—A fast growing Anthony Waterer type both in color and characteristics. Attaining 4 feet in height.

18-24"	Each	\$.40	10 for	\$3.00
--------	------	--------	--------	--------

Margaritae—A handsome free flowering type growing to 5 feet. Bright pink flowers on broad corymbs. Foliage dense with small serrated leaves.

2-3'	Each	\$.50	10 for	\$4.00
------	------	--------	--------	--------

Spirea offer a wide range of character. They bloom freely.

Spirea—(Continued)

Opulifolia—Growth upright attaining 8 to 10 feet. White flower heads in June, making the branches droop and maturing to dark red heads, which give different stages of contrasting foliage color.

2-3'	Each	\$.40	10 for	\$2.50
3-4'	Each	.50	10 for	3.50
4-5'	Each	.60	10 for	4.50

Opulifolia Aurea (Golden Spirea)—Similar habit to above. Foliage golden turns to bronze. White flowers in June.

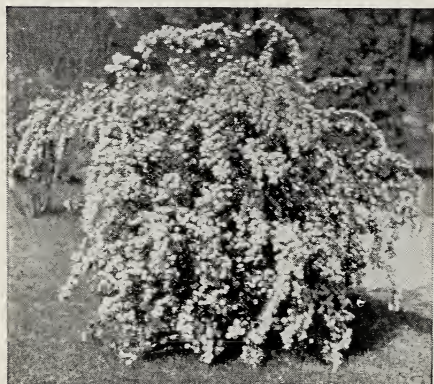

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.55	10 for	4.50
4-6'	Each	.75	10 for	6.00

Prunifolia fl. pl. (Bridal Wreath)—This is the true Bridal Wreath. Very double white rose-like flowers very early in clusters. Medium growth and compactly upright Foliage plum leaved, turning in Autumn to brilliant red.

3-4'	Each	\$.60	10 for	\$5.00
4-5'	Each	.80	10 for	7.00

Thunbergi—Dwarf growing shrub to 4 feet. Foliage feathery of pleasing yellowish green which changes to red and orange in Autumn. White flowers very early.

18-24"	Each	\$.40	10 for	\$3.00
2-3'	Each	.55	10 for	4.00
3-4'	Each	.75	10 for	6.00

Spirea Van Houtti

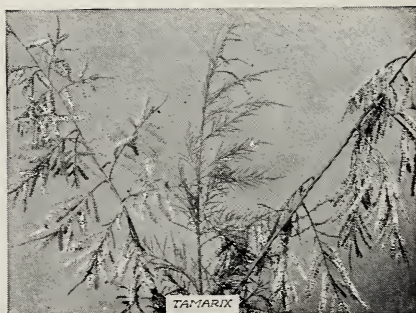

Van Houtti—Grandest of all Spireas, one of the best shrubs. Complete fountain of pure white bloom in May and June. Foliage ornamental the year around. Commonly called Bridal Wreath, but erroneously so.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.50	10 for	4.00

Tamarix Odessana (Caspian Tamarix)

Shrub to 5 feet. Drooping feathery foliage silvery green, with large loose panicles of minute lavender pink flowers at intervals all summer long. Very attractive and should be included in every planting.

2-3'	Each	\$.40	10 for	\$3.00
3-4'	Each	.60	10 for	5.00

Tamarix

Learn to distinguish plants. They are interesting.

Symphoricarpus Alba (Snowberry White)

An excellent shrub, bearing clusters of large showy white berries which remain late in fall and winter.

2-3'	Each	\$.40	10 for	\$3.00	100 for	\$25.00
3-4'	Each	.50	10 for	4.00		

Symphoricarpus Vulgaris (Snowberry Red) or (Indian Currant)

Clusters of showy, red berries hang in ropes on the weighted down branches. Ideal for holding steep hillsides.

18-24"	Each	\$.35	10 for	\$2.50	100 for	\$20.00
2-3'	Each	.45	10 for	3.50	100 for	27.50
3-4'	Each	.60	10 for	5.00		

Viburnum

An interesting and showy group diversified greatly in character and common names, ranging in size from 2 to 12 feet and blooming profusely in the spring. In the summer their leaves are rich and heavy and aided by bright fruits vividly brighten up the autumn with vivid splashes of color.

Americana—American Cranberry Bush. Similar to Opulus, but more spreading in character. Scarlet fruit are more heavily borne and more visible persisting from July till the next spring.

18-24"	Each	\$.45	10 for	\$3.50
2-3'	Each	.55	10 for	4.50

Carlesi—Fragrant Viburnum—One of the most desirable semi-dwarf flowering shrubs. Growing to four feet with clusters of wonderfully fragrant flowers white shaded to pink. The bush is rounded with broadly oval leaves glaucous beneath, dull green above and hairy on both sides.

B & B 18-24"	Each	\$1.75	10 for	\$15.00
--------------	------	--------	--------	---------

Cassinoides (White Rod)—A splendid waxy leaved shrub. Foliage almost evergreen. White flowers in June and July followed by pink berries which change to dark blue. Rich Autumn coloring, splendid for massing near water.

3-4'	Each	\$1.00	10 for	\$8.50
------	------	--------	--------	--------

**Viburnum Opulus**

Lantana—Wayfaring tree. 15-18 feet. Beautiful wrinkled leaves; white flower in May and June followed by unequally colored crimson to black fruits which hang on all summer and cause a delightful color combination.

2-3'	Each	\$.60	10 for	\$5.00
------	------	--------	--------	--------

Opulus (High Bush Cranberry)—Dense green foliage, studded with large bunches of crimson berries which last well into the Winter. Matures at 8 to 10 feet into a compact rounded mass.

2-3'	Each	\$.50	10 for	\$4.00
3-4'	Each	.65	10 for	5.50
4-5'	Each	.90	10 for	7.50
5-6'	Each	1.00		

Opulus Nana (Dwarf Cranberry Bush)—A dwarf compact shrub not exceeding 2' with glossy dark green leaves. Equal the broad leaved evergreen for richness in appearance. This shrub is without flowers or fruit. An ideal former border shrub also will stand lots of abuse and can be used where planting condition are not always the best.

6-9"	heavy	\$.40	10 for	\$3.00	100 for	\$25.00
9-12"	heavy	.50	10 for	4.00	100 for	35.00
12-15"	heavy	.60	10 for	5.00		

Satisfied customers are the best advertisements.

Viburnum—(Continued)

Opulus Sterilis (Common Snowball)—Medium sized shrub. Flowers in June with mass of pure white flowers which resemble snowballs.

2-3'	Each	\$.55	10 for	\$ 4.50
3-4'	Each	.75	10 for	6.50
4-5'	Each	1.00	10 for	8.50
5-6'	Each	1.25	10 for	10.00

Plicatum (Japanese Snowball)—An upright compact bush with crinkly bronze leaves. Mass of pure white in May. Matures at 6 to 8 feet.

2-3'	Each	\$.75	10 for	\$6.50

VINES

Ampelopsis Veitchi (Boston Ivy)

One of the best climbers for wall, etc., clinging well to the smoothest surfaces. Glossy green in summer with the brightest of fall coloring.

2 yr. Each \$.50 10 for \$4.00

Clematis Paniculata

(Sweet Scented Clematis)

Grand for screens, pillars and trellises. Flowers of medium size, fragrant, pure white, borne in immense sheets in September.

5 yr. roots Each \$.50 10 for \$3.50

English Ivy (Hedera Helix)

Useful climbing vine, also ground cover for shady places. Evergreen.

2 yr strong plants Each \$.45
10 for \$3.50 100 for \$30.00

Evonymous

These are the best of evergreen vines with dark green glossy foliage. They vary somewhat in size of leaves and type of growth, making ideal material for low walls and underplanting among evergreens. Will endure partial shade.

Clematis Paniculata

Colorata—Evergreen. A new introduction. Long narrow leaves purple underneath and tinged purple above. Assuming a very effective purple color in Winter. Growth rapid.

3 yr. 2-3' Each \$.50 10 for \$4.00

Radicans (Wintercreeper)

—Evergreen. Self clinging vine. Good for covering low walls, also for underplanting among evergreen

2 yr. bushy 15-18" Each \$.45
10 for \$3.50 100 for \$30.00

3 yr. bushy 18-24" Each \$.55
10 for \$4.50

Radicans Carrieri (Glossy Wintercreeper)—Evergreen. Has large glossy leaves. Its habit is bushy, practically a shrub.

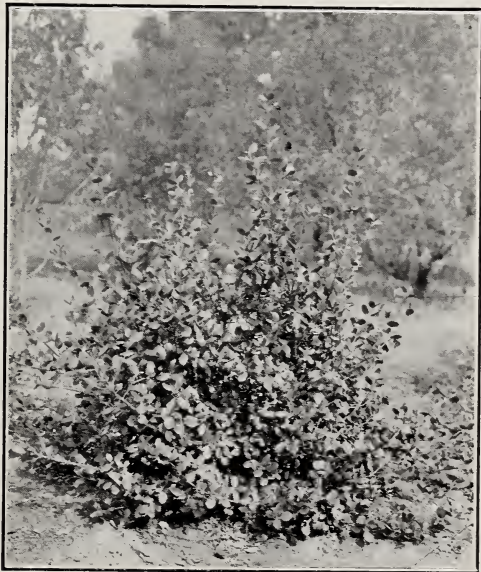

2 yr. bushy 12-18" Each \$.50
10 for \$4.00

Radicans Kewensis (Baby Wintercreeper)—Has tiny evergreen leaves and a dainty trailing habit.

2 yr. bushy 12-18" Each \$.50
10 for \$4.00

Radicans Vegetus (Big Leaf Wintercreeper)—Evergreen. Bushy with round dull green leaves, producing bright scarlet fruit freely.

3 yr. bushy 15-18" Each \$.50
10 for \$4.00

Evonymus Radicans

Stock Fresh Dug for Each Order.

Lonicera Halleana (Hall's Honeysuckle)

Almost evergreen. Color, an intermingling of white and yellow flowers extremely fragrant and most satisfactory. Gets along fairly well in partial shade. Used as a ground cover.

2 yr.	No.	1	Each	\$.50	10 for	\$4.00
2 yr.	Medium		Each	.40	10 for	3.00

Lonicera Red Coral

Same as proceeding in growth and habit. Flowers red.

1 yr.	Strong	Each	\$.35	10 for	\$2.50
-------	--------	------	--------	--------	--------

Matrimony Vine (Lycium Chinensis)

A flourishing hardy climbing vine that will overcome any obstacle. Violet flowers in June followed by bright red fruits. Useful for holding banks as the vines throw out a strong root system wherever they touch the ground. Also makes a fine trellis vine where a strong grower and dense shade are desired.

1 yr.	18-24"	Each	\$.30	10 for	\$2.00	100 for	\$15.00
2 yr.	2-3'	Each	.40	10 for	3.00	100 for	25.00
	3-4'	Each	.45	10 for	3.50	100 for	30.00

Trumpet Creeper

A strong climbing vine with bright scarlet, trumpet shaped flowers in July and August

2 yr.	Each	\$.50	10 for	\$4.00
-------	------	--------	--------	--------

Wisteria Sinensis (Blue)

An excellent vine for trellises. Pea shaped flowers hang in grape-like clusters about twelve inches long.

18-24"	Each	\$.60	10 for	\$5.00
2-3'	Each	.75	10 for	6.00
3-4'	Each	1.00	10 for	8.50

PERENNIALS**Achillea (Milfoil or Yarrow)**

Suitable for planting in any sunny places. Ideal border plant.

Home grown fruits are best.

ROCK GARDEN MATERIALS

Because of the prevailing demand for Rock Garden material we suggest the following suitable plant material to help you in planning your Rock Garden.

Evergreen:—

Arbor Vitae Globe
 Arbor Vitae Recurva Nana
 Arbor Vitae Oriental, Berchman's Golden
 Juniper, Communis Depressa
 Juniper, Communis Depressa Aurea
 Juniper Dwarf Swedish
 Juniper Horizontalis

Juniper Horizontalis Glauca
 Juniper Squamata Meyeri
 Juniper Sabina Tamariscifolia
 Pine Mugho
 Retinospora Filifera
 Retinospora Filifera Aurea
 Retinospora Plumosa Lutescens
 Taxus Canadensis

Broad leaved evergreens in complete assortment

Shrubs:—

Barberry Box
 Barberry Red-leaved
 Blueberry
 Deutzia Gracilis
 Deutzia Gracilis Rosea
 Hypericum Aurea
 Viburnum Opulus Nana

Vines:—

Evonymus in variety
 English Ivy

Perennials:—

Bellis
 Dianthus Alpinus Alwoodi
 Myosotis
 Phlox subulata
 Sedums
 Statice
 Viola, Tufted Pansy

Your inspection invited. Visitors welcome.

MATERIALS FOR SHADY PLANTING

Extreme caution must be used in selecting suitable material for dense shady plantings. Plantings receiving sun for half the day are easily planned for most any material can be used.

For Shady Plantings

Evergreens:—

Fir Balsam
 Fir Douglass
 Boxwood
 Juniperus Communis
 Juniperus Pfitzeri
 Pachysandra
 Mahonia
 Mountain Laurel
 Rhododendrons
 Leucothoe
 Taxus

Shrubs:—

Aralia
 Calycanthus
 Cercis Canadensis
 Fringe White
 Hydrangea A. G.
 Honeysuckle Bush
 Philadelphus
 Rhodotyhos Kerriodes
 Spirea Opulifolia
 Snowberries, White or Red

Vines:—

Evonymous

Hall's Honeysuckle

English Ivy

We take pleasure in presenting to you this catalogue. It is the best we have ever prepared for the public. As we are growing so is our only salesman, this catalogue.

We are associated with the National Advertising Campaign of Nurserymen. The slogan of this Association is "It's not a Home until it's Planted." The object is to teach the general public to see and appreciate beautiful home surroundings. Every home grounds should be a place of beauty, also the pride and joy spot of its owner.

We are pleased to offer this year a more complete range of sizes and varieties than ever before. Stock has made up well.

Visitors are always welcome. We urge you to stop when going through Fairview. It is always a pleasure to show the Nursery to those interested.

New friends are added each year. May we serve you?

To reach the office of the Fairview Evergreen Nursery turn south at the only traffic light in Fairview, drive one block, turn left on the gravelled road and drive about a quarter of a mile. The office is the third place on the right hand side of the road.

TERMS: Cash unless satisfactory arrangement is made before shipment. All boxing and baling will be charged for at actual cost

General Planting Instructions

ORNAMENTAL, SHADE TREES AND DECIDUOUS SHRUBS.

Upon arrival open bundles and remove packing materials. If impossible to plant immediately, bury the roots in a shady place, packing well with soil so air cannot possibly reach them. But, if possible, plant immediately in soil well worked and loosened. Dig a hole large enough to admit the roots in their natural position. If roots are crowded you will be sure to lose the plant. After placing the plant in the hole, fill the hole about half full with soil and tramp it solid. Then, if the soil is dry, fill the hole with water and let it settle. Finally, pack dirt in the remainder of the hole.

EVERGREENS

Dig a hole a little larger than the ball of earth around the tree. Leave burlap on the ball and place same in the hole, filling in the remaining space with well packed soil. **DO NOT REMOVE THE BURLAP** for it holds the ball of earth in place around the roots.

Keep the top soil around your plants loosened to the depth of about an inch to prevent the ground from baking and to conserve moisture.

Do not use manure or fertilizer for trees.

Do not allow dogs to get to evergreens.

Place a wire screen around evergreens.

Evergreens need a bath frequently. Turn the hose on them full force and keep them clean. Never do this in full sun for this burns the foliage.

IT'S NOT A HOME UNTIL IT'S PLANTED
